CHARGED WITH STEALING WATCH

Jesse Easley, Colored, Arrested on
Circuit Court Affidavit Filed by
Roy Perkins.

IT IS ALLEGED HE SOLD IT

Newton Casey, Indicted by Grand
Jury, is Arraigned Today and
Released on \$100 Bond.

Criminal business in the circuit court continues to increase with the arrest ever now and then of some person picked off by the grand jury. Newton Casey was arraigned this morning on the charge of associating. This is the fourth of the grand jury indictments acted on thus far. Casey was released on bond in the sum of \$100. In the grand jury indictment the women involved in the case against Casey are Jessie Clemmons, formerly Jessie Naden, and Hannah Castor. A number of witnesses including business men and residents of the south side of the court house square appeared before the grand jury against Casey. It will be remembered that it was Casey's rooms that were raided by the police last week in an effort to find a "blind tiger." This case has not been investigated as yet by the grand jury.

Jesse Easley, colored, was arrested yesterday evening by Sheriff Cavitt, on an affidavit filed by Roy Perkins, charging him with stealing a gold watch valued at \$20. The affidavit was filed in the circuit court and Easley was arraigned before Judge Sparks this morning. His bond was fixed at \$100 and his trial was set for Friday. Perkins operates a grocery store in West Eighth street and it is alleged that Easley stole the watch from the store.

It is alleged that Easley sold the watch to another colored man and that Perkins learned through him where he had obtained the watch. It may be that Easley will be held on the affidavit and the case further investigated by the grand jury when it reconvenes. No definite time has been set yet for the next meeting of the grand jury.

BUSINESS IS IMPROVED

Rushville Telephone Company Pays
Its "War Tax."

The Rushville Co-Operative Telephone company has paid its second installment of the "war tax" on all long-distance phone calls where the amount is over fifteen cents. The January settlement amounted to \$16.70, which means that a total of 1,670 calls were registered for the month. The long-distance business for January was greater than during December when this company's amount to the government in the special tax amounted to \$15.61. Manager Davis expects February to almost equal January in tolls.

BOQUET FOR LON.

W. H. Blodgett, in the Indianapolis News, tosses the following bouquet to Lon Mull of Manilla:

Lon Mull, of Manilla, one of the best fellows that ever lived, visited the legislature for a short time. Lon several years ago was the Democratic member from the Republican county of Rush, and was one of the most valued members of that body. He had no particular business at the legislature, but being in town thought he would just drop around to see if things are running now as they did when he was a member.

LEAVES ON FREIGHT TRAIN

Hannah Castor Gets Away Before
Police Are Notified.

Mrs. Pauline Castor notified Sheriff Cavitt last night that her daughter, Hannah Castor, 14 years old, was about to leave the city, intending to take a freight train to Louisville, Ky., and asking him if he could not stop her. Sheriff Cavitt told her to notify the police but the girl evidently got away as she was not found this morning. The Castor girl has been incorrigible for some time and the officers were not surprised that she should use a freight train to get out of the city. The Castor girl is one of the two involved in the case against Newton Casey, charged with associating.

INHERITANCE TAX IS NEARLY \$2,000

Figures on Estate of Late H. H. Elwell
Handed Down by County
—\$1,769.26 in Nelson Estate.

MAY BE PAID BEFORE MARCH 1

The amount of inheritance tax due from the estate of the late H. H. Elwell amounted to \$1,976.72, according to the figures as handed down by Judge Sparks. This amount is subject to a discount of five per cent if paid within one year. A special dispensation was secured from the auditor of state to pay the tax before March 1, and thus save paying taxes to the county on this amount of money. The total value of the estate, which is the largest ever appraised in Rush county, was given at \$205,673.54.

The second largest estate was that of William Nelson. His estate was appraised at \$180,324.57 and the inheritance tax due the state was \$1,769.26. The difference in the amount of inheritance tax in these two estates was not large and this is accounted for because there were four heirs to the Elwell estate and eight to the Nelson estate. A. L. Riggs, inheritance tax appraiser, spent nine days in appraising the Elwell estate.

CASSIUS C. SMITH IMPROVES RAPIDLY

Rush County Man Who Shot Father-in-Law
is Held in Hospital on
Charge of Murder.

CONFINED IN PRISON WARD

Cassius C. Smith of New Augusta, son of Mr. and Mrs. Walter P. Smith living north of here, who shot and killed his father-in-law, Marcellus Hollingsworth, last Friday night at the Hollingsworth home, and then turned the gun on himself, is held in the prison ward of the City hospital, Indianapolis, with a charge of murder against him.

All things now are said to be favorable to the recovery of Smith. He is improving rapidly, according to word from the hospital. Smith was removed to the hospital the day after the shooting. He is suffering from a bullet wound in his head.

Smith, according to his story to Dr. W. M. D. McDonald, who first attended him, shot Hollingsworth because he was abusing his daughter, Mrs. Smith. Smith said Hollingsworth declared before the shooting that he would get him.

TITLE TO SITE IS CONTESTED

Case of I. & C. Against C. J. Bickhart to Recover Real Estate
Where Mill Stands Starts.

SPECIAL JUDGE ON BENCH

Judge Sparks Finds For Defendant
in Claim Brought Against
J. J. O'Neil Estate.

The case of Charles L. Henry, president of the Indianapolis and Cincinnati Traction company against Christopher J. Bickhart, to recover possession of real estate and demanding damages in the sum of \$500 started in the circuit court this morning before Judge Clarence E. Weir, former judge of the superior court in Marion county. Judge Sparks declined to hear the case as he was interested before going on the bench and appointed Judge Weir to act as special judge.

The title to the ground on which the Bickhart mill in South Morgan street is located is involved in the suit. Most of the morning was taken up with the introduction of the records from the recorder's office dealing with the deeds to the property as evidence. Kiplinger and Smith appear for the plaintiff and Hall and Campbell for the defendant.

Judge Sparks returned his finding in the claim against the estate of the J. J. O'Neil, finding for the defendant, the executor, Sylvester C. Kirkpatrick. The claim was filed by John M. Cavitt. The costs were placed against the plaintiff. The case was heard some time ago, but the finding was not made until today.

Judge Sparks found for the Simmons Hardware company against James Irvine, Jr., in the sum of \$194. James Irvine, Sr., was also a party to the suit and the court found for him as against the plaintiff, thus holding that he was not a partner in the deal. The case was an account suit and the original demand was \$225. The case occupied most of yesterday.

HIS WOUNDS PROVE FATAL

Frank Beagle, Shot in Revolver
Duel, Dies Near Clarksburg.

Frank Beagle, who was wounded one week ago last Saturday night in a revolver duel with Sam Coulter in Greensburg, died last night at ten o'clock at his home west of Clarksburg. For a time it was thought he would recover, but yesterday gangrene set in and he steadily became worse and his death was expected. Beagle was thirty years old and is survived by his widow and one child. The charge against Coulter will probably be changed to murder as he has been held to await the outcome of Beagle's condition.

MRS. C. P. MILLER DEAD.

Mrs. C. P. Miller, well known in this city, died this morning at four o'clock at her home south of Sandusky. Mrs. Miller had been ill for about three weeks suffering from pneumonia and her death was expected.

CONFERENCE SET FOR SATURDAY

Assessors Will Meet Here to Reach
Conclusions About Appraisal
Values in County

HIGHER VALUATION URGED

At District Meeting Members State
Board Place Emphasis on Necessity of Equalization

The township assessors will meet with Henry W. Schrader, county assessor, here next Saturday to reach final conclusions about appraisal values. The assessors will begin work next Monday. They will get their supplies either Saturday or Monday morning.

Whether the appraised value of real estate will be raised ten per cent this year, as advised by the state board of tax commissioners, will be determined by the assessors at their meeting Saturday. This step was urged at a recent meeting of the board in Indianapolis and at the sixth district meeting of taxing officials in Richmond last week special emphasis was placed on the necessity of assessors equalizing the assessments.

The assessors said that the average rate over the state has been running from 33 1/3 per cent, to 55 per cent of the cash-selling value. This wide variance, they say, is too large and that they believe it to be unjust to the great body of tax payers.

It is believed that if property were assessed at nearer to its true cash value there would be less opportunity of over valuation of some properties, caused by the fluctuations of land values during a period of four years between real estate assessments.

The assessors were strong in the recommendation that everything in personal and real property be assessed at 75 per cent of its full value. This recommendation was adopted and it will be the instruction given to all township and county assessors. In addition to this, the recommendation will be sent to the state tax commission.

The assessors applauded when Dr. Seales of Boonville the new member of the state board, said the pay of assessors is not commensurate with the duties and responsibilities.

"We want you to be big enough and brave enough to assess according to your best judgment with real fairness to every man," was the advice Dr. Seales gave.

Eben H. Wolcott, member of the state board, spoke of some of the inequalities in assessments in state, discovered through the assessment report blanks which have been provided for the past two years.

"Through these reports we found adjoining counties differing from thirty to fifty per cent in assessments," Mr. Wolcott said. "In one county the average assessment of household goods was \$19; in another it was \$57."

"Tax rates are increasing alarmingly all over the state. Wayne county is one of the few counties where the rate has not increased at a marked pace. The higher the rate, the more people try to hide their property."

"We don't expect a revolution in assessments this year. But we expect the beginning of a great change. The taxing laws are not flexible. They say, 'assess at the true cash value' and that is the thing to do. Do not assess real estate at 100 cents on the dollar and then assess merchandise at thirty cents on the dollar and don't assess \$200 land at

IS AGAINST PROHIBITION

Sentiment in House Overwhelming
Committee Chairman Says.

(By United Press.)

Indianapolis, Ind., Feb. 23.—"Sentiment in the house is overwhelmingly against the state-wide prohibition bill," said Representative Carlin Myers today. He is chairman of the committee holding the bill.

"Two friends and myself have finished a complete poll of the house and have found only nine Democrats and nine Republicans for the bill. The others are all against it," he said.

The committee holds a public hearing tonight.

NONE WILL BE SUNK UNLESS BY DESIGN

Admiral Lord Beresford of England
Says Germans Will Not Torpedoed American Vessels.

UNLESS ORDERED TO DO SO

BY EDWARD L. KEENE.
(U. P. Staff Correspondent.)

(Copyrighted 1915 by United Press. Copyrighted in Great Britain.) — London, Feb. 23.—"Germany will sink no American ships unless by design. The German torpedo finding as its mark the hull of an American vessel will have been aimed and fired from Berlin. If an American merchantman is sunk it will be for the express purposes of dragging America to the war."

The speaker was England's best known and best loved sailor—Admiral Lord Charles Beresford. His name probably more than any other carries to Americans the picture of the typical British seafighter. He is to the Englishman what Bob Evans was to America. Also, he is one of the clearest naval thinkers of the age. He made the above reply to the greatest question of the moment—the one put by Americans daily:

"Do you think Germany is trying to force America into war?"

HIGHWAY MEASURE PASSES THE SENATE

Administration Bill Creating State
Road Commission Given Approval of Upper Body.

TWENTY VOTES AGAINST IT

(By United Press.)

Indianapolis, Ind., Feb. 23.—The senate today passed the administration bill for a state highway commission which would serve without pay and would employ a state engineer. The vote was 27 to 20. It goes to the house. The commission would approve all highways costing over \$1,000 per mile and all bridges costing over \$200. All county superintendents would be passed on-by it.

Senator Elsner defended the bill, saying roads in his county were wearing out because of incompetent engineers.

Senator Rinear said the bill against self government and should be defeated.

Mrs. Frank Wooster, of Anderson, formerly of this city, is seriously ill, according to word received here by relatives.

HOUSE ACTION IS SENSATIONAL

Unexpectedly Passes Resolution
Giving Committees Power to
Kill Any Bill Unreported.

MAY SNUFF OUT GOOD ONES

Possible Way to Dodge Womans
Suffrage Measure But Suffragists Are Not Discouraged.

(By United Press.)

Indianapolis, Ind., Feb. 23.—Sensational action that may result in the death of the limited woman suffrage measure and the state-wide prohibition and other bills in the house was taken by that body today when it passed by 49 to 46 a resolution giving committees absolute power to kill any bill not yet reported.

The resolution made by Representative Lyday, Democratic, representing Vigo county, was the signal for a bitter attack against it by Representatives Niblack and Justus, both Democrats. It was defended by the Democratic floor leader, Branaman. The resolution will make it unnecessary to go on record on certain measures.

"This resolution will kill many a good bill," said Mr. Niblack. "Don't come here to hide. If you don't want to vote on important measures you had better go home. This is a cut-throat resolution."

Justus declared is a vicious resolution.

Branaman favored the resolution because, he said, it would expedite business.

It was said a motion to reconsider might be introduced this afternoon.

Women of the Legislative Council of Indiana Women refused to admit that the suffrage bill was in danger. It was pointed out that the Rule bill, a duplicate of the senate bill, is ready for third reading and that Speaker Bedwell, who favors suffrage, could hand it down at any time. If passed it would go to the senate.

Thirty-six Republicans voted against the resolution and two for it. One Republican was absent. There are thirty-nine Republicans in the house.

The following Democrats voted against the resolution:

Bedwell, Davis, of Montgomery, Griffith, Hickam, Jones, Justus, Niblack, Waltz and Westfall.

Jinnett of Rush county voted against the resolution. Symons of Henry county and Masons of Fayette county were also against the bill.

Making Them Walk Into Your Store

"All I ask of my advertising," said a well-known storekeeper, "is that it will make a certain number of people walk through my store."

"The rest is up to me."

When the national manufacturer advertises his product in this newspaper he is starting people towards many stores.

If your store carries these goods and shows them properly customers will come your way.

If you neglect your opportunity your neighbor will get the business.

The live merchant nowadays keeps in close touch with the national advertising in the newspaper and trims his windows and counters in line with the news.

HAVE DARK HAIR AND LOOK YOUNG

Don't stay gray! Nobody can tell when you darken gray, faded hair with Sage Tea and Sulphur.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

The Christian Women's Missionary society will have a linen and fruit shower for the College of Missions, Indianapolis, at its next regular meeting Wednesday of next week. The society usually does something at its birthday meeting and this was decided on for this year.

The regular K. of P. Dance will be held Thursday night at Castle Hall. The Princess Saxophone Trio will furnish the music. Earl Robertson will sing. The local boys were highly complimented on their dance music at the last K of P. dance and a large crowd is expected this time to hear them.

A reception was held in the parlors of the First Presbyterian church last night for the pastor, Dr. D. Ira Lambert, and his family. All the congregations of the city were represented and their pastors made short talks, welcoming Dr. Lambert to residence in Rushville. Following the general introduction all around and after all the guests of the church had had opportunity to get acquainted with the new minister, a short program followed.

Talks were made by the Rev. A. D. Batchelor of St. Paul's M. E. church, the Rev. M. W. Lyons of St. Mary's Catholic church, the Rev. C. M. Yocum of the Main Street Christian church and the Rev. A. W. Jamieson of the United Presbyterian church. They were each introduced by S. L. Trabue. Solos were sung by Mrs. D. I. Lambert, Miss Kathleen Hogsett, Miss Carrie Kitchen, Miss Edith Buell and Mrs. Virgil Binford. Cake and coffee were served to all of the guests and souvenirs of small American flags were given.

Twilight Sleep Up-to-Date.

"Twilight sleep" has been given considerable publicity largely because it is portrayed as something with a twentieth century label on it. That's the reason it has been breaking into the magazines and the newspapers, but no one has stopped to reflect that "twilight sleep" is nothing new. It harks back to the days of Rip Van Winkle. It has been among us ever so long. Now it's all shamed up and presented in a new form.

The Signal, a newspaper published at Westmoreland, Kansas, makes some copious and fitting remarks on "twilight sleep" from a new viewpoint. The Signal likes the "twilight sleep" idea because anything that tends to reduce pain and suffering is welcomed.

But "twilight sleep" is nothing new in this part of the country. We know of some towns that are in a chronic state of twilight slumber and they will never "come to." Some of our own citizens, mentioning no names, go about from day to day in a never-ending twilight slumber. And looking over our list of subscribers and see the names that are missing on the list, makes us rise to inquire what the doctors use to bring these twilight sleepers out of the trance. Send us the formula, for there are a few subjects who should be on that list whom we would like to awaken. Did we call them twilight sleepers? Suffering cats! The deepest, blackest midnight could not begin to equal the darkness and depth of their slumbers.

"Powers Higher Up"

Apropos of Senator Chamber's remarks in the senate during the debate on the state-wide primary bill when he said the Democrats majority in Indiana would be following the example of the Washington administration if it did not keep its pledge, he makes the following comment in his newspaper, the Newcastle Times: It is not likely that there will be a

primary election bill passed at this session of the legislature. The resolution favoring such a measure was not asked by the people at the last Democratic state convention, but came as a demand from officials at Washington. If there ever was a case of the "powers higher up" giving orders, this was one of them. Not a single county or district convention held prior to the state convention declared in favor of a state-wide primary, or even suggested the subject. To a person acquainted in politics, it is not hard to see why such a demand should come from Washington.

A state-wide primary would be more expensive than a general election. None but a rich man could afford to run for a state or district office and it would get a fair-sized pile to get by for a county office. Such a law would be worth from \$1,000 to \$2,000 a year to this newspaper, but we do not propose to sell our principles and convictions for the few dollars it might gain us. In a few days The Times will publish the main provisions of the proposed state-wide primary law, so that the people of this community can see what it is like.

Admiral Bencke of the German navy offers what appears to be a sane and sensible solution of the perplexing problem which is threatening to disrupt the friendship which exists between the United States and Germany. The admiral suggests that several American warships proceed to the southwest coast of Ireland, and, when communicated with by an American merchant ship, that one of our war vessels convey the merchantman through the "war zone" waters and into safety. Wouldn't this be preferable to a possible war with Germany?

A belt worn by Napoleon Bonaparte at the battle of Waterloo has been presented to the National Military museum of Paris. That's good, for even a belt may perpetuate the greatness of its wearer. And on second thought, we have an old belt or two we wore in bygone days which the museum may have for the asking?

Any person may keep himself well posted on current local events, be regarded as a well read man, know what's what and who's who in the community, and have numerous attractive propositions placed before him for the trifling investment of about ten cents a week.

"What is more attractive than a beautiful woman?" inquires a local Beau Brummel. Now who do you suppose he is—judging by his peculiar thirst for knowledge?

Washington dispatches tell us the "open door" is assured in China. Bally! Let's push through and cop off some of that juicy Chinese trade.

Bumper crops are becoming so common in this country we will soon have to coin a new phrase to describe the increase.

+++++
What Our Neighbors
Are Talking About
+++++

Speaking of Control
(Indiana Times)

Thomas Taggart has gone to the Indiana senate with a suggestion for illumination, gentle thrill and indoor sport for jaded solons. It is Taggart's evident purpose to try to compel somebody to prove Taggart "controls" the legislature. In response to a "nudge" as it were, the senate has named a special committee to sit, as solemnly as may be, to hear testimony as to whether Taggart does or does not "control" the Indiana legislative department as that department is constituted in 1915.

Taggart himself, supposedly, re-

quests the appointment of the special committee; Taggart himself, apparently, demands proof, as to his alleged "control" of the legislature. Is it possible Taggart doesn't know what are the facts?

In response to the Taggart demand the senate gravely puts by state affairs; sedately selects a special committee for the study of applied Taggartism and puts on already burdened senators certain extra tasks, seriously proposing to call newspaper men and lawmakers on the carpet to cross-question them on the highly important subject of Thomas Taggart and his relations with the democratic legislature.

Now when Taggart asks the senate to do such a stunt as has been described, and when the senate promptly acts on the Taggart hint, does it prove Taggart has lost his influence with the legislative branch?

By calling a senate investigation of his political power, does Taggart seek to prove in all modesty he has no such power, or does he intend the creation of the special committee and the extraordinary investigation to prove conclusively to all Indiana he actually does "control"? It would be interesting to know which end of the argument Taggart takes.

Here and now may it be said in all tenderness and friendly spirit that the legislature or 1915, trailed the follies of 1913 and following the foolish course of 1911, has wasted too much of the people's time in an attempt to punish a hostile press. Hours and days have been taken in idle denunciation of editors; bills without number have been conceived for the asine purpose of attacking an opposed newspaper influence; wild threats have been made; enmity against the republican press has been played on the democrats in the legislature in creating prejudice against bills or in rallying democratic support in favor of other bills. The spectacle has been far from creditable to the legislature.

In petty barking at newspapers the legislators lose dignity, misuse the people's time and achieve exactly nothing at all save their own belittlement in the public eye.

Now comes the senate climax of absurdity in a proposed special committee to investigate the charge that Thomas Taggart "controls" the legislature. The committee itself stands as the first bit of evidence indicating that Taggart at least has "friends" in warm proximity to the legislature throne.

Uncle Sam Reduces Wages

(Philadelphia Telegraph)—Some 1,500 workers in the Frankford Arsenal, two-thirds of them women, have had their wages reduced suddenly by an order from the chief of the ordinance department, General Crozier. They are grieved and indignant about it.

It is questionable if the thousand women concerned would be satisfied with a statement from President Wilson pointing out to them that the thing they complain of is purely psychological, requiring only a spirit of mutual confidence to be overcome.

Secretary Redfield is just now engaged in a still hunt for manufacturers guilty of reducing wages and laying off employees without reason. The arsenal employees in mass meeting assembled might call on Redfield to probe the Democratic administration.

Wages at the arsenal are not particularly good at best. To reduce them further at this time looks like an injustice which the war department may well be asked to explain.

Are Women Naturally Despondent.

A prominent writer so claims. Women are constituted with a delicate organism and in nine cases out of ten mental depression may be attributed to an abnormal condition of the system, which expresses itself in nervousness sleeplessness headache, headaches, causing constant misery and as a result despondency. Lydia E. Pinkham's Vegetable Compound, a simple remedy made from roots and herbs, is the one great remedy for this condition. It goes to the root of the trouble and overcomes despondency. SEEKS FIFTH TERM AS MAYOR

Carter Harrison After Democratic Nomination at Primaries Held Today in Chicago

ELECTION WILL BE APRIL 6

Has Plenty of Opposition But is Favored by Governor Dunne.

Women Are Active

(By United Press.) Chicago, Ill., Feb. 23.—Chicago voters are today balloting to name party nominees for mayor and other municipal offices. Registration returns show that 665,911 voters are entitled to take part in the primaries. Of this number, 218,712 are women, voting for municipal officials today for the first time.

Mayor Carter H. Harrison, for twelve years mayor of Chicago, is asking the Democratic nomination for the fifth time. His principal opponent is county clerk Robert M. Sweitzer backed by Roger C. Sullivan and his organization. Other Democratic aspirants are Frank J. Wilson, Thomas O'Dwyer, John J. Geraghty, Russell P. Butler, Peter J. O'Reilly and James Traynor.

Governor Dunne has announced himself for Mayor Harrison.

Municipal Chief Harry Olson is pitted against William Hale Thompson for the Republican nomination. Alderman Jacob A. Hey also is a Republican aspirant. Charles M. Thompson is the only candidate for the Progressive nomination. Seymour Stedman, who served in the Illinois assembly and was recognized as one of its ablest members, aspires for the Socialist nomination.

Democrats claim the Democratic nomination is equivalent to election. April 6. In the general election last fall the Democrats polled a vote of 187,538, exceeding by 92,871 the combined vote of the Republicans, Progressives and Socialist parties.

AIRMEN KILL FOUR.

(By United Press.) Paris, Feb. 23.—A Zeppelin airship Monday crossed the allied lines near Nieport and dropped bombs upon Calais killing four persons.

TRY THIS IF YOU HAVE DANDRUFF

Or Are Bothered With Falling Hair or Itching Scalp.

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft and look and feel a hundred times better.

If you want to keep your hair looking rich, do by all means get rid of dandruff, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

New York, Feb. 23.—That old be-whiskered gent who back in the stone ages somewhere announced that every action has its reaction must have been looking into the dim and misty future at the 1915 baseball chaos. Certain it is that the rection of freized finance in our national pastime is here. Never was a thing more fully demonstrated than at the recent meeting of National League magnates here.

Thirty-two berths in the National League occupied last year will be vacant this season. That means a saving of from \$75,000 to \$100,000 to the magnates and the blighting of 32 aspiring youngster's hopes. For the moguls decreed that no club should carry more than 21 men from May 1 to September 1. Last year they were allowed to pay traveling expenses for 25.

Thirty-two jobs have been suddenly snatched away from ball players. Friends of O. B. lay the blame on the Feds. Federal adherents, quick to resent anything of the sort, claim that its merely the result of hard times, and deny absolutely that the Feds are responsible for anything that would take anything away from the sun-burned athletes.

Be that as it may, the retrenchment days are here. Ball players a few months ago held up the Federal ogre as a means of drawing fat contracts from their O. B. bosses. Now their bosses tell them if they can help themselves by taking the hurdle, go to it. That is what President James Gaffney of the champion Braves told Leslie Mann at the National meeting. Mann wanted \$3,500; Gaffney offered \$3,000 and refused to budge.

LAST HOME GAME ON FOR WEDNESDAY

Connersville High School Will be Attraction Here and Locals Are Out For Revenge.

DISTRICT MEET NEXT WEEK

One of the best games of the season is expected Wednesday night when the local high school team takes on the Connersville team. Connersville defeated Rushville on the Connersville floor and the locals are out for revenge. The team is in good shape and fully expects to win. The game Wednesday and the one Friday at Shelbyville will be the last before the district tournament at Richmond, March 5 and 6.

The Connersville team is weakened by the loss of Pinkerton, but the team has been playing fast ball and Rushville expects a battle. A large crowd of rooters will accompany the Connersville team to this city. Rushville and Connersville always play their best game when playing against each other and a record crowd is expected. The local independent team will play the Business Mens' team at Connersville on this night.

FAIL TO MAKE IT A PARTY MEASURE

Democratic Caucus Reaches no Agreement on Mayor Bell's Finance Board Bill.

ORGANIZATION BEHIND IT

Independent Democrat Says After Meeting That he Believes Measure Will Not Pass.

(By United Press.)

Indianapolis, Feb. 23.—The Democratic organization failed yesterday afternoon in its attempt to make the Mayor Bell finance board bill a party measure, though the house Democrats caucused for over two hours. The bill, which has passed the senate, would give Mayor Bell power to appoint a finance board for Indianapolis, which would take over many of the powers now held by the city council.

This bill has become the chief political measure in significance in the house since the Jones primary bill was passed. It is backed by the Democrats in the house who say the principle involved is not Democratic. "On the face of it, it appeared when the caucus ended that the Bell finance board bill would not pass," said an independent Democrat, as he added, "but things are doing beneath the surface, and you can't tell what will happen."

Serious issues were raised and the caucus was not harmonious on the Bell measure. This was indicated by the serious faces of the Democrats when they appeared after their long session. There wasn't a smile in the crowd.

The caucus decided to pass the measure appropriating money to pay the state's share of the expense in stamping out the foot and mouth disease. It took no action on the Maston senate bill giving limited suffrage to women, though the subject was broached.

GRAY DECLARES FOR A PRIMARY

Sixth District Congressman is in Favor of Extending Direct Vote of the People.

INTERVIEW IN WASHINGTON

Washington, Feb. 23.—In discussing the need of a direct primary law in Indiana, Representative Finley H. Gray, of Connersville, said:

"I have already expressed my views in favor of a direct primary in response to an inquiry from the Indiana bureau of legislative information. Speaking as a citizen and as a voter of the state of Indiana, I am in favor of extending the direct vote of the people wherever and whenever the nature of the action to be taken is applicable. The word 'democracy' not only means the rule of the people, but the rule of the people by direct vote, and a good faith adherence to these principles make the enactment of a direct primary law imperative. Without this legislation the work of election reform in Indiana will remain incomplete.

"I have always voted here against assuming jurisdiction to take away the determination of any question from the people's decision by the direct vote and vesting such power in a convention or legislative body, and I am not only in favor of preserving the right of the direct vote where the same now exists in the people, but I am in favor of enlarging and making the same still further available to them."

BOOKIES PLAN TO PLAY IT SAFE

Betting Interests in New York Wonder How Far They Will be Able to go This Season

EXPECT LAW TO BE ENFORCED

American Ring Bugs Are Taking No Chances and Are Securing Passports to Mexico

BY HAL SHERIDAN
(Written for United Press.)

New York, Feb. 23.—Just how far they can go without police interference is worrying the bookmakers, who already are laying their plans carefully for a bit of under-cover betting when the New York racing season starts, on May 20. Last year there were a few raids, and this year, according to word which has gone out in the shape of a tip to the racing fraternity, strictness will be the rule.

The arrest over in Maryland a few weeks ago of a hundred Washington betting fans, among them a congressman or two, has made the pony followers here a bit chary. There has been a bit of betting on the Q. T. throughout the winter, but the old pool room days are far in the discard—at least the police say so.

The Stewards of the Jockey club, who met here the other day, tentatively picked May 20 as the date for the start of the racing season hereabouts. It is by no means certain that the Westchester Racing association will open the sport here, for there is talk of reverting to the Aqueduct track, Jamaica, which had to split its dates last year, may be in the line again. Maryland tracks will open in April, and, one thing is assured; that when once the sport begins there will be racing every day in the vicinity of New York until the exodus for Saratoga.

A boxing fan who came from Washington the other day says that American ring bugs are flocking into the state department building looking for passports assuring them they will not spend a few days in a Mexican prison when they go to Juarez to see Jack Johnson and Jess Willard mix.

Although the Villistas are not believed likely to pinch anything except the coin the Americans scatter in Juarez, the fans are working on the safe side by getting passports.

EXPECTS CROWD TO ATTEND MEETING

President Ryan Urges Large Attendance as Board of Directors Will be Elected.

START WORK SOON ON GROUND

President Ryan, of the Rushville Baseball Association expects a large crowd to attend the meeting Wednesday night in the court house assembly room as business of importance is to come before stockholders. It is expected at this time to elect the board of directors of five members. This will be done so that the directors can get busy at once with the building of the new grand stand and get the grounds in shape for the opening game.

Other affairs of the association will be discussed. All fans and those interested are urged to attend and take part in the selection of the board of directors. The board of directors will in a large way have the running of the team and President Ryan and the other officers desire that the very best men possible be secured. The meeting will be held at eight o'clock.

JEROME ABSENT FROM THAW CASE

For This Reason Alone Slayer of White Was Elated When His Case Came to Trial Today

BOTH SIDES CONFIDENT

Special Panel of 200 Talesmen on Hand at Start—Alienist Not Expected to Appear

(By United Press.)

New York, Feb. 23.—When Harry Thaw was arraigned for trial today before Justice Weeks on the charge of conspiracy to escape from Matteawan, he was jubilant in having escaped his nemesis—William Travers Jerome—for the first time since he killed Stanford White. Jerome's absence from the prosecution brought hope to the Thaw camp.

There was belief on both sides that the hearing which began today might be the final hearing in the most notorious of American trials. If Thaw were found not guilty, what ever proceedings were taken against him later would prove futile his counsel declared. If he is convicted, and the court suspends sentence on the conspiracy charge and returns him, instead, to Matteawan, a vital blow will have been struck at the defense.

Since January 28, when Thaw pleaded not guilty to the charge he has been in the Tombs, always confident of acquittal. Although Deputy Attorney General Kennedy, and Frank H. Cook, who appeared for District Attorney Perkins, said there will be no remission of zeal in the prosecution because of Jerome's absence from the case. Thaw's sides declare he is forced to face a sanity test, which will be sought by habeas corpus proceedings in case of conviction, they believe he will come out of it with flying colors. His condition they say, is noticeably less nervous, and, he sides, Dr. Austin Flint, the principal alienist against Thaw in his previous hearings has been ill and is not expected to be able to appear in case of a new sanity hearing.

A special panel of 200 talesmen were on hand when the case was called for trial today. They were men who had been chosen carefully for their above-average ability as jurors, and it was confidently expected that not more than three days proceedings would be required to select the jury.

Deputy Attorney General Kennedy planned to move for the trial of all the defendants in the conspiracy case together with Thaw.

DID NOT HELP THE BREACH ANY

Fuss Over State-Wide Primary Bill Only Served to Separate Taggart and Kern Forces

RALSTON MAY OPPOSE LATTER

He Will Probably Get in Race for Senate if Primary Measure is Defeated, it is Said

(Special to the Daily Republican.)

Indianapolis, Ind., Feb. 23.—Since the open rupture developed between Thomas Taggart, generally recognized as the head and front of the Democratic organization, and U. S. Senator John W. Kern over the attitude that the Indiana General Assembly should assume towards the state-wide primary bill, the talk of a possible contest over the next Democratic nomination for United States Senator has become stronger than ever before. Kern came out publicly in favor of this bill and Taggart came out just as strongly against it. Kern also saw fit to mention the name of Taggart in his interview, declaring that he could see no reason why Taggart's suggestion of a referendum should be adopted. This controversy has done nothing towards cementing Taggart and Kern and their backers. In fact it has had the effect of arousing considerable bitter and antagonistic comment in the camp of each one of these Democratic politicians.

The talk continues that Governor Ralston would like to be the Democratic nominee for United States senator from Indiana next year. It has long been known that the reigning Democratic organization has not been very friendly to Kern and would not shed any great amount of tears if he should be sidetracked. Kern's standing with the Democratic oligarchy has been anything but satisfactory to himself and close personal friends since he gave out that famous interview six years ago in which he charged that eight Democrat members of the Indiana legislature had been "handled" to vote for Shively for the senate as against himself. Crawford Fairbanks, especially, resented that interview and Fairbanks is known as a politician who never forgives or forgets. That possibly explains why the sentiment among Democrats in the west end of the fifth district is now so strong against Kern. During recent weeks, in that section of the state, an open insurrection has developed against Kern among "organization" Democrats and during the past few days some of the leaders have been declaring openly that if Kern is re-nominated that they will get into the open and do everything in their power for the Republican ticket.

The impression prevails and seems to be getting stronger that it needs occasion no surprise whatever to see the Taggart organization bring out at an early date Ralston as a candidate against Kern for the senatorial nomination. The politicians who are inclined to this belief figure that Taggart sees that the end of Democratic rule in Indiana is in sight and that he has or will come to the conclusion that his organization will go down at the polls and not in a convention or in other words that the reigning organization will see to it that its own friends and its own choices have places on the ticket next year. The dose would be doubly bitter if the opposition to the organization could force the nomination of some one who was out of line with the leaders.

It is said that Taggart, Ralston and the other organization leaders realize that Kern would be renominated if a primary law were in operation. This conclusion is based on the fact that Indiana Democrats have been voting for Kern rather regularly during the past twenty years with the result that it has become more or less of a habit with the out-state Democrats who might have but slight acquaintance with his opponents to vote for Kern every time they see his name on a ticket.

It is currently reported that it would take little or no urging for

Ralston to get into this race providing a primary law is not passed. Is this empty honor to be the governor's reward for assisting in the defeat of a state-wide primary law?

The closing days of this session of the Indiana legislature are full of political possibilities, some of which may be of a startling and sensational nature.

Republican campaign orators in Indiana in 1916 will be able again to use the printed record of the proceedings of the state legislature to damn the extravagance and the inefficiency of the Democratic organization in the conduct of the state's business. A striking example of the unbusiness like methods that are followed by the Democratic majority is seen in the manner in which the appropriation bills were framed. A precedent was established and Republican Floor Leader, Jesse Eschbach, pointed out to the majority just how loose and slip shod were their methods. He prepared a written protest and this was incorporated in the journal of the house. Next year the Republican speakers will be able to open the official record of the session of 1915 and read the following indictment of Democratic inefficiency:

"Mr. Speaker and members of the house of representatives:

"For years the one great task of the general assembly has been the preparation and consideration of appropriation bills. For years this task has been instructed to the most careful and conservative deliberation of the joint committee of ways and means of the house of representatives and of the finance committee of the senate.

"For years these committees in joint session have called before them the heads of departments and institutions of the state of Indiana, and after painstaking investigation and deliberation have weighed their wants, their needs and their requests, and the members of these committees have then incorporated the results of their deliberations in what is known as the appropriation bill and submitted the same to the consideration of the general assembly.

"The year 1915 marks a radical and to me an unwise departure from the plan heretofore followed.

"This year, without a meeting of either of said committees, without notice to a member of either committees, without notice to the head of an institution or department in this state, an appropriation bill, House Bill 420, is prepared by an employee of the house and passed from the committee of ways and means without a member of that committee ever having read a word or figure contained therein. This bill seeks to disburse millions of the people's money and to provide for the care and maintenance of the institutional and departmental life of Indiana for two years.

"I want at this time to enter my protest against this unbusiness like method of transacting the business of our state, a method which substitutes individual caprice for the mature and calm judgment of important committee of the general assembly of Indiana I demand that this protest be entered on the journal of this house."

Peculiar After Effects of the Grip This Year

LEAVES KIDNEYS IN WEAKENED CONDITION

Doctors in all parts of the country have been kept busy with the epidemic of grip which has visited so many homes. The symptoms of grip this year are often very distressing and leave the system in a run down condition, particularly the kidneys which seem to suffer most, as almost every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to dangerous kidney troubles. Druggists report a large sale on Dr. Kilmer's Swamp-Root which so many people say soon heals and strengthens the kidneys after an attack of grip. Swamp-Root is a great kidney, liver and bladder remedy and being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed in most cases by those who try it. Dr. Kilmer & Co., Binghamton, N. Y., offer to send a sample size bottle of Swamp-Root, on receipt of ten cents, to every sufferer who requests it. A trial will convince any one who may be in need of it. Regular size bottles 50c. and \$1.00. For sale at all druggists. Be sure to mention this paper.

Fifth Avenue Shop Windows Are All Dolled Up In Spring Models

BY MARGARET MASON
(Written for United Press.)

Will you dress yourself like a little Bopeep

And copy her getup exclusive of sheep

Or will you, perforce, dress like Lorna Doone

In tight silken bodice and buckled silk shoon

Or panniered powdered Colonial Dame

In petticoat quitted, will you don the same?

Now these aren't suggestions for some costume ball

But the latest Spring fashions for one and for all

These period dresses for nineteen fifteen

Are simply the last word of Fashion, I ween.

New York, Feb. 23.—The Fifth avenue shop windows all dolled up in their sonsy Spring models look like nothing in the world so much as the display windows of those funny little costume shops that hire out the makings of a dashing cavalier, a senorita or a ballet sprite for a Louis Quinze court lady, a Spanish night carnival or masque.

Positively one little model of azure silk blooming in pink roses has a tight bodice of the silk laced in front with a silken cord and deep panniers edged with silken quilling and caught up over a short petticoat of silk lace and net with single pink roses. It is exactly such an appropriate costume as little Bopeep always wears to tend her sheep between the covers of an edition de lux of Mother Goose.

In this instance little Bopeep has found her sheep in the throng of modern maids and matrons who follow the Fashions like a pack of silly sheep and will don this stage like creation with perfect sangfroid for present day wear.

Another creation in lustrous twilled silk in a soft old blue tone has a quaint tight boned bodice that hooks up the front and is worn over the full ankle length skirt with a sort of, peplum effect of square tabs in the wall of Troy design such as Lorna Doone is always pictured in.

These tabs are outlined in narrow flat gold braid as is also the square low cut neck and the edges of tight elbow sleeves which are also cut in the tab effect of the wall of Troy. Folds of gold colored silk net fills in the low cut bodice and forms full undersleeves down to the wrists.

Dolly Varden herself could not have found more fitting attire than the flowered frock of pink taffeta but with the tight bodice the full over skirt looped up with black velvet loveknots over a pleated petticoat of plain pink taffeta and a fichu or kerchief of finest lace edged net about the neck.

The tight fitting boned bodice laced down the front in peasant fashion vie with the short empire waists for supremacy but even with the short waist lines the accompanying skirts are always voluminously full and in many instances actually held out with a bit of boning around the hem. The draped up overskirts and

pannier effects are simply an evolution of the long straight Russian tunic catching up itself with garlands and bows and incidentally with the insatiable fashionable desire for something different.

As it does, every Spring taffeta is flaunting its soft yet crisp folds in all the smartest frocks and especially in those fanciful period styles is it most usable.

The hats to be worn with the period dresses are equally picturesque and fanciful. Flapping shepherdess leghorns, rose wreathed and adorned with black velvet streamers, tiny close fitting Victorian bonnets and large leghorn poke bonnets, trimmed high in nodding ostrich plumes and tied under dimpled chins

with ribbons of satin or velvet, like La Tosca wears when she trills her first act top notes.

You see in describing these new old styles one inevitably gets back for comparison to some lovely lady of other days so the best way to pick your Spring wardrobe is to pick your favorite heroine of history or early fiction and fit her garments if not her personality to yourself. Be judicious in your choice however, we pray, portly Mrs. Porkpacker picking Celopatra as her sartorial model of Miss Prudence Strong decking herself as little Bopeep might prove a bit unsatisfactory.

With the women going in for these picturesque togs just what are the mere men going to do about it. Will they be content to spoil the picture in their present day unpoetic and sordid attire or will they leap gladly at the chance to gratify that desire for personal adornment in everyman's heart and take to small clothes, frills, ruffles and perukes.

"The Newspaper Everybody in Rush County wil Eventually Read"

To be a success must be well advertised. The more people who know of a sale the larger the crowd, resulting in more competitive bidding, higher prices for the stuff and more dollars in the holder's pocket. The Daily Republican goes into every town, community and neighborhood in Rush County, and has more paid subscribers than all the rest of the Rushville papers combined. Right now everybody is looking for and reading sale notices. They want to buy. The Republican's "Public Sales" advertisements tell them who is having a sale, when and where. Sale bills will always be used but their number is decreasing. Newspaper advertising is found to reach more people and when they are in a mood to read, and is getting more popular all the time. When a man holds a sale he expects to spend a few dollars in advertising it, but he wants results. Come in; we can "deliver the goods." In Address at Cincinnati He Says They Have Been Selfish to National Vocational Laws

SPOKE TO SUPERINTENDENTS

Declares That Despite Million Dollars Spent We Are About Where We Started

(By United Press.) Cincinnati, O., Feb. 23.—The agricultural colleges of the country were scored this afternoon for their alleged selfish opposition to national aid for vocational schools by John A. Lapp of Indianapolis, member of the federal commission on vocational education appointed by President Wilson, who drafted the bill now pending in congress. Mr. Lapp spoke to the convention of superintendents of the National Educational Association.

"After forty years of agricultural education such as it has been, we are confronted with relatively worse conditions than when scientific knowledge of agriculture first began to get serious attention," said Lapp. "Average yield of farm crops has been either practically at a dead level or only slightly increasing; the soil is being exhausted at an alarming rate; the rural population is shifting to the city; and the cost of living rises at a rate far in excess of increased capacity to pay. The facts are simply that the data of agricultural science has not been effectively put into possession of the men who till the soil and the boys who are to succeed them.

"Millions of dollars have been spent, and yet we are about where we started from," said Lapp. "In the face of these conditions the agricultural societies oppose the project of national aid for vocational education. In face of the flat failure of rural schools, they stand against the only possible method that can make agricultural education universal. They would make a boy leave school in order to secure an education through extension work, whereas the results so much needed can only be permanently achieved by educating the boy who wants to stay on the farm to be a farmer capable of applying the broadest knowledge to his soil, and the girl who is happy in the farm home to be a home-maker in that home.

"The Agricultural colleges individually and collectively are opposing national aid for vocational education with their prime motive that they see possible competition in vocational agricultural schools."

Soft, Fluffy Hair is First Aid to Beauty

If your hair is not fluffy, soft and lustrous, is falling out, streaked, brittle, or full of dandruff, and if the scalp itches, do not think it must always be that way, for pretty hair is only a matter of care and the use of Parisian Sage, a delightful toilet necessity.

This helpful tonic supplies just the elements needed to invigorate the hair roots and stimulate your hair to grow long, thick, fluffy and lustrous. It removes all dandruff with one application and quickly stops itching head and falling hair. Parisian Sage is the ideal hair tonic and scalp treatment, sold by Johnson's Drug store, it contains nothing injurious, is delicately perfumed, inexpensive and surely gives your hair the beauty and charm of youth.

PUBLIC HEARING ON MERGER BILL

Finance Committee of Senate Expects Large Delegation From Bloomington to Attend

DIVIDED REPORT EXPECTED

VanAuken Declares Majority Favored Combining Indiana and Purdue Universities

(By United Press.) Indianapolis, Feb. 23.—Concerning the removal of Indiana university from Bloomington, Rep. Sare of Bloomington today said the bill thus providing was practically dead now. The senate finance committee which has that bill met last night when there was a public hearing on the VanAuken bill merging Purdue and Indiana universities at Lafayette. Large delegations were present from Bloomington and Lafayette.

Van Auken said today that without question the majority of the legislature believed Indiana university should be consolidated with Purdue and moved from Bloomington.

"Then you expect your bill to pass?" he was asked.

"I wouldn't say that," he said. "Bloomington has the most effective lobby that ever was perfected in this state. The Citizens have come here by the hundreds to lobby against my bill."

Van Auken said there probably would be a divided report on his merger bill. He said he did not know what the majority report would be.

"Why shouldn't Bloomington lobby against that bill? It means life or death to Bloomington, and I would not think much of a city that would not fight for its existence," said Rep. Sare.

Van Auken was asked whether the statement of a member of the finance committee, who said the bill was introduced to prevent Indiana and Purdue asking for more money was true.

"Fiddlesticks!" said Van Auken. "That bill was introduced on its own merits."

IMPORTANT CASES IN SUPREME COURT

Convenes Again After Three Weeks' Mid-Winter Recess to Find Business Heavy

FRANK CASE IS AMONG THEM

(By United Press.) Washington, Feb. 23.—Following a three weeks' mid-term recess, the Supreme Court reconvened today. Many decisions were expected the court having devoted the recess period to their preparation.

Heading the list of cases specially advanced for argument today was that of Leo M. Frank of Atlanta. Although technically assigned for hearing today, Frank's case will probably not be reached before Thursday or Friday.

Among other cases to be argued this week was the suit of the Remapo Water Co. against New York City, growing out of acquisition of the water company's property.

It was also expected today that the court would advance for hearing April 5 the appeal of the Harvester Trust from the decree of dissolution secured by the government, which proved that the trust controls 85 percent of U. S. manufacture of agriculture implements.

PORTLAND PLANTS ROSES

(By United Press.) Portland, Ore., Feb. 23.—Annual rose planting day was observed in Portland Monday. More than fifty thousand additional bushes were set out. Already world's famous for her roses, Portland will be a veritable bower of the beautiful flowers when the tourists going to and from the California expositions this spring and summer visit the city.

POLL SHOWS BILL IN THE BALANCE

Womens Suffrage Measure Seems to Have Slim Chance in House, According to Figures.

MEMBERS NOT TO BE RUSHED

Caucus of Democrats in Lower Branch Does Seem to Chance Status Materially, However.

(By United Press.) Indianapolis, Feb. 23.—The situation as to woman suffrage in the lower branch of the general assembly was not materially changed by the Democratic caucus yesterday afternoon. This was definitely learned today.

To determine the sentiment in the house for and against the Maston limited suffrage measure, which passed the senate by a sweeping Democratic party vote with the aid of Republicans after the democrats had caucused, the United Press took a poll of the house. The result was that out of eighty-one voting, twenty-eight voted aye, twenty-three no and thirty were doubtful.

The following table shows in detail the result of the poll, which was the first one attempted this session.

Democrats	Republicans
10	Voted Aye 18
21	Voted No 2
21	Doubtful 9
52	29

Total voting Aye, 28; voting No, 23; doubtful, 30; constitutional majority necessary to passage, 51.

Members of the house of both parties awaited with great interest, publication of the poll today. As the large "doubtful" list would indicate, members were far from at ease over the question of limited suffrage for women which was so hastily thrust upon them by the senate. Leaders in the house professed even to be mystified by the senate move.

The opinion of a competent Republican observer was asked after he had seen the poll. He said the bill might pass. He believed the Republicans would give the bill 34 votes out of a total of 39. He believed that out of the 21 doubtful Democrats seven would be found who would vote Aye. Added to the 10 who voted Aye on the poll, the total of Republicans and Democrats thus voting would be 51—the constitutional majority.

The United Press asked the opinion of a Democratic leader, impartial on the suffrage question. He said upon seeing the poll that the bill might pass, and he agreed in substance with the Republican.

Don't Pass Up the Comforts and Pleasures of Life

You have seen the museum mummy—take a hunch from him. He hasn't had any pleasure for over 5,000 years. He had his opportunity—did he get his share? Do you? Buy what you need and make life a pleasure to yourself and family. There will come a time when you can't. Ask the mummy, he knew once—did he enjoy life to the full extent as it was intended for him to do? He won't answer—it's up to you. For instance, if you need a New Storm Buggy or any other kind of a buggy, why don't you buy it and buy it now? We have plenty of them and we want to sell them. We have every style that was ever made, all colors of paint, all kinds of combinations. The man that deprives himself of all these comforts of life may leave a bigger tombstone to mark the hole he is finally forced to crawl into but he is a mummy all the years of his life. So get busy, buy yourself a buggy, buy the boy a buggy and get what pleasure you can out of life now. Next year may be too late. Don't forget our Opening on March 12-13. Come in and have a good time with us and don't forget to buy what you need to make life worth while. You will be a mummy soon enough.

\$3000.00 FIRE PREVENTED

The House the Red Jacket Saved

Read This Letter:
"Several years ago I called on Lane & Evans to buy a pump and they almost forced me to buy one of your Fig. 28 Red Jacket Double-Acting Force Pumps and fifty feet of hose when I only intended to buy a cheap set length pump. Mr. Lane put up such strong argument on "fire protection" that I followed his advice and bought the Fig. 28, little thinking that it would be of any service to me in that respect.

Shortly after the pump was installed, my barn caught fire and had it not been for this pump and hose and the thoughtfulness of Mrs. Barnett, my barn, house and all buildings on the place would have been destroyed."

SOCIETIES GET BACK OF BILL

Continued from Page 1.

\$30 an acre and take \$100 land at the same figure.

"I will give Mr. Mathews a list of the charmen of the other meetings in the state. These nine chairmen will get together and fix a uniform rate of assessment for the state before March 1. When we get that schedule, other matters will adjust themselves. There is only one basis of taxation, it is the true cash value."

When assessors raised a question as to the procedure when a merchant lets his stock run down at assessment time and then stocks up afterwards, Mr. Wolcott explained the system introduced in Wayne county two or three years ago of hiring experts to assess corporations, merchandise and other taxables of a similar nature.

CELEBRATES ITS 50TH ANNIVERSARY

Rushville National Bank Opened Its Doors Half Century Ago—Oldest Bank in County

HAS HAD THREE PRESIDENTS

The Rushville National bank today celebrated the fiftieth anniversary of its establishment as a national bank. It opened its doors for business February 23, 1865 in its old home—what is now the Elks club—its charter having been issued the day before. The Rushville National is the oldest bank in Rush county and has seen many cashiers and presidents come and go. Previous to becoming a national bank, it was known as the Rushville branch of the State Bank of Indiana having been established in 1857. The bank moved into its new home in February 1911.

Geo. C. Clark was its first president. He died in 1900 and Theo. Abercrombie was elected. Mr. Abercrombie served until 1913 when he resigned and A. L. Winship was chosen and still serves in that capacity. Joseph M. Oglesby was the first cashier and served until June 16, 1870, when he retired and Edwin Payne was elected. He was cashier until July 1, 1897, and then J. B. Reeve was elected. In January 1910 Mr. Reeve retired and Albert L. Winship acted as cashier until he was elected president in January, 1913. Wilbur Stiers was then chosen cashier and has held the position ever since.

CHARGED WITH STEALING WATCH

Jesse Easley, Colored, Arrested on
Circuit Court Affidavit Filed by
Roy Perkins.

IT IS ALLEGED HE SOLD IT

Newton Casey, Indicted by Grand
Jury, is Arraigned Today and
Released on \$100 Bond.

Criminal business in the circuit court continues to increase with the arrest ever now and then of some person picked off by the grand jury. Newton Casey was arraigned this morning on the charge of associating. This is the fourth of the grand jury indictments acted on thus far. Casey was released on bond in the sum of \$100. In the grand jury indictment the women involved in the case against Casey are Jessie Clemmons, formerly Jessie Naden, and Hannah Castor. A number of witnesses including business men and residents of the south side of the court house square appeared before the grand jury against Casey. It will be remembered that it was Casey's rooms that were raided by the police last week in an effort to find a "blind tiger." This case has not been investigated as yet by the grand jury.

Jesse Easley, colored, was arrested yesterday evening by Sheriff Cavitt, on an affidavit filed by Roy Perkins, charging him with stealing a gold watch valued at \$20. The affidavit was filed in the circuit court and Easley was arraigned before Judge Sparks this morning. His bond was fixed at \$100 and his trial was set for Friday. Perkins operates a grocery store in West Eighth street and it is alleged that Easley stole the watch from the store.

It is alleged that Easley sold the watch to another colored man and that Perkins learned through him where he had obtained the watch. It may be that Easley will be held on the affidavit and the case further investigated by the grand jury when it reconvenes. No definite time has been set yet for the next meeting of the grand jury.

BUSINESS IS IMPROVED

Rushville Telephone Company Pays
Its "War Tax."

The Rushville Co-Operative Telephone company has paid its second installment of the "war tax" on all long-distance phone calls where the amount is over fifteen cents. The January settlement amounted to \$16.70, which means that a total of 1,670 calls were registered for the month. The long-distance business for January was greater than during December when this company's amount to the government in the special tax amounted to \$15.61. Manager Davis expects February to almost equal January in tolls.

BOQUET FOR LON.

W. H. Blodgett, in the Indianapolis News, tosses the following bouquet to Lon Mull of Manilla:

Lon Mull, of Manilla, one of the best fellows that ever lived, visited the legislature for a short time. Lon several years ago was the Democratic member from the Republican county of Rush, and was one of the most valued members of that body. He had no particular business at the legislature, but being in town thought he would just drop around to see if things are running now as they did when he was a member.

LEAVES ON FREIGHT TRAIN

Hannah Castor Gets Away Before
Police Are Notified.

Mrs. Pauline Castor notified Sheriff Cavitt last night that her daughter, Hannah Castor, 14 years old, was about to leave the city, intending to take a freight train to Louisville, Ky., and asking him if he could not stop her. Sheriff Cavitt told her to notify the police but the girl evidently got away as she was not found this morning. The Castor girl has been incorrigible for some time and the officers were not surprised that she should use a freight train to get out of the city. The Castor girl is one of the two involved in the case against Newton Casey, charged with associating.

INHERITANCE TAX IS NEARLY \$2,000

Figures on Estate of Late H. H. Elwell Handed Down by County
—\$1,769.26 in Nelson Estate.

MAY BE PAID BEFORE MARCH 1

The amount of inheritance tax due from the estate of the late H. H. Elwell amounted to \$1,976.72, according to the figures as handed down by Judge Sparks. This amount is subject to a discount of five per cent if paid within one year. A special dispensation was secured from the auditor of state to pay the tax before March 1, and thus save paying taxes to the county on this amount of money. The total value of the estate, which is the largest ever appraised in Rush county, was given at \$295,673.54.

The second largest estate was that of William Nelson. His estate was appraised at \$180,324.57 and the inheritance tax due the state was \$1,769.26. The difference in the amount of inheritance tax in these two estates was not large and this is accounted for because there were four heirs to the Elwell estate and eight to the Nelson estate. A. L. Riggs, inheritance tax appraiser, spent nine days in appraising the Elwell estate.

Charge of Murder.

CONFINED IN PRISON WARD

Cassius C. Smith of New Augusta, son of Mr. and Mrs. Walter P. Smith living north of here, who shot and killed his father-in-law, Marcus Hollingsworth, last Friday night at the Hollingsworth home, and then turned the gun on himself, is held in the prison ward of the City hospital, Indianapolis, with a charge of murder against him.

All things now are said to be favorable to the recovery of Smith. He is improving rapidly, according to word from the hospital. Smith was removed to the hospital the day after the shooting. He is suffering from a bullet wound in his head.

Smith, according to his story to Dr. W. M. D. McDonald, who first attended him, shot Hollingsworth because he was abusing his daughter, Mrs. Smith. Smith said Hollingsworth declared before the shooting that he would get him.

TITLE TO SITE IS CONTESTED

Case of I. & C. Against C. J. Bickhart to Recover Real Estate
Where Mill Stands Starts.

SPECIAL JUDGE ON BENCH

Judge Sparks Finds For Defendant
in Claim Brought Against
J. J. O'Neil Estate.

The case of Charles L. Henry, president of the Indianapolis and Cincinnati Traction company against Christopher J. Bickhart, to recover possession of real estate and demanding damages in the sum of \$500 started in the circuit court this morning before Judge Clarence E. Weir, former judge of the superior court in Marion county. Judge Sparks declined to hear the case as he was interested before going on the bench and appointed Judge Weir to act as special judge.

The title to the ground on which the Bickhart mill in South Morgan street is located is involved in the suit. Most of the morning was taken up with the introduction of the records from the recorder's office dealing with the deeds to the property as evidence. Kiplinger and Smith appear for the plaintiff and Hall and Campbell for the defendant.

Judge Sparks returned his finding in the claim against the estate of the J. J. O'Neil, finding for the defendant, the executor, Sylvester C. Kirkpatrick. The claim was filed by John M. Cavitt. The costs were placed against the plaintiff. The case was heard some time ago, but the finding was not made until today.

Judge Sparks found for the Simmons Hardware company against James Irvine, Jr., in the sum of \$194. James Irvine, Sr., was also a party to the suit and the court found for him as against the plaintiff, thus holding that he was not a partner in the deal. The case was an account suit and the original demand was \$225. The case occupied most of yesterday.

HIS WOUNDS PROVE FATAL

Frank Beagle, Shot in Revolver
Duel, Dies Near Clarksburg.

Frank Beagle, who was wounded one week ago last Saturday night in a revolver duel with Sam Coulter in Greensburg, died last night at ten o'clock at his home west of Clarksburg. For a time it was thought he would recover, but yesterday gangrene set in and he steadily became worse and his death was expected. Beagle was thirty years old and is survived by his widow and one child. The charge against Coulter will probably be changed to murder as he has been held to await the outcome of Beagle's condition.

MRS. C. P. MILLER DEAD.

Mrs. C. P. Miller, well known in this city, died this morning at four o'clock at her home south of Sandusky. Mrs. Miller had been ill for about three weeks suffering from pneumonia and her death was expected.

CONFERENCE SET FOR SATURDAY

Assessors Will Meet Here to Reach
Conclusions About Appraisal
Values in County

HIGHER VALUATION URGED

At District Meeting Members State
Board Place Emphasis on Necessity of Equalization

The township assessors will meet with Henry W. Schrader, county assessor, here next Saturday to reach final conclusions about appraisal values. The assessors will begin work next Monday. They will get their supplies either Saturday or Monday morning.

Whether the appraised value of real estate will be raised ten per cent this year, as advised by the state board of tax commissioners, will be determined by the assessors at their meeting Saturday. This step was urged at a recent meeting of the board in Indianapolis and at the sixth district meeting of taxing officials in Richmond last week special emphasis was placed on the necessity of assessors equalizing the assessments.

The assessors said that the average rate over the state has been running from 33 1/4 per cent, to 55 per cent, of the cash-selling value. This wide variance, they say, is too large and that they believe it to be unjust to the great body of tax payers.

It is believed that if property were assessed at nearer to its true cash value there would be less opportunity of over valuation of some properties, caused by the fluctuations of land values during a period of four years between real estate assessments.

The assessors were strong in the recommendation that everything in personal and real property be assessed at 75 per cent of its full value. This recommendation was adopted and it will be the instruction given to all township and county assessors. In addition to this, the recommendation will be sent to the state tax commission.

The assessors applauded when Dr. Seales of Booneville the new member of the state board, said the pay of assessors is not commensurate with the duties and responsibilities.

"We want you to be big enough and brave enough to assess according to your best judgment with real fairness to every man," was the advice Dr. Seales gave.

Eben H. Wolcott, member of the state board, spoke of some of the inequalities in assessments in state, discovered through the assessment report blanks which have been provided for the past two years.

"Through these reports we found adjoining counties differing from thirty to fifty per cent in assessments," Mr. Wolcott said. "In one county the average assessment of household goods was \$19; in another it was \$57."

"Tax rates are increasing alarmingly all over the state. Wayne county is one of the few counties where the rate has not increased at a marked pace. The higher the rate, the more people try to hide their property."

"We don't expect a revolution in assessments this year. But we expect the beginning of a great change. The taxing laws are not flexible. They say, 'assess at the true cash value' and that is the thing to do. Do not assess real estate at 100 cents on the dollar and then assess merchandise at thirty cents on the dollar and don't assess \$200 land at \$200."

IS AGAINST PROHIBITION

Sentiment in House Overwhelming
Committee Chairman Says.

(By United Press.)

Indianapolis, Ind., Feb. 23.—"Sentiment in the house is overwhelmingly against the state-wide prohibition bill," said Representative Carlin Myers today. He is chairman of the committee holding the bill.

"Two friends and myself have finished a complete poll of the house and have found only nine Democrats and nine Republicans for the bill. The others are all against it," he said.

The committee holds a public hearing tonight.

Admiral Lord Beresford of England

Says Germans Will Not Torpedo
American Vessels.

UNLESS ORDERED TO DO SO

BY EDWARD L. KEENE.

(Copyrighted 1915 by United Press.)

Copyrighted in Great Britain.) — London, Feb. 23.—"Germany will sink no American ships unless by design. The German torpedo finding as its mark the hull of an American vessel will have been aimed and fired from Berlin. If an American merchantman is sunk it will be for the express purposes of dragging America to the war."

The speaker was England's best known and best loved sailor—Admiral Lord Charles Beresford. His name probably more than any other carries to Americans the picture of the typical British seafighter. He is to the Englishman what Bob Evans was to America. Also, he is one of the clearest naval thinkers of the age. He made the above reply to the greatest question of the moment—the one put by Americans daily: "Do you think Germany is trying to force America into war?"

HIGHWAY MEASURE PASSES THE SENATE

Administration Bill Creating State
Road Commission Given Ap-
proval of Upper Body.

TWENTY VOTES AGAINST IT

(By United Press.)

Indianapolis, Ind., Feb. 23.—The senate today passed the administration bill for a state highway commission which would serve without pay and would employ a state engineer. The vote was 27 to 20. It goes to the house. The commission would approve all highways costing over \$1,000 per mile and all bridges costing over \$200. All county superintendents would be passed on by it.

Senator Elsnor defended the bill, saying roads in his county were wearing out because of incompetent engineers.

Senator Rinear said the bill against self government and should be defeated.

Mrs. Frank Wooster, of Anderson, formerly of this city, is seriously ill, according to word received here by relatives.

HOUSE ACTION IS SENSATIONAL

Unexpectedly Passes Resolution
Giving Committees Power to
Kill Any Bill Unreported.

MAY SNUFF OUT GOOD ONES

Possible Way to Dodge Woman's
Suffrage Measure But Suffragists Are Not Discouraged.

(By United Press.)

Indianapolis, Ind., Feb. 23.—Sensational action that may result in the death of the limited woman suffrage measure and the state-wide prohibition and other bills in the house was taken by that body today when it passed by 49 to 46 a resolution giving committees absolute power to kill any bill not yet reported.

The resolution made by Representative Lyday, Democratic, representing Vigo county, was the signal for a bitter attack against it by Representatives Niblack and Justus, both Democrats. It was defended by the Democratic floor leader, Branaman. The resolution will make it unnecessary to go on record on certain measures.

"This resolution will kill many a good bill," said Mr. Niblack. "Don't come here to hide. If you don't want to vote on important measures you had better go home. This is a cut-throat resolution."

Justus declared is a vicious resolution.

Branaman favored the resolution because, he said, it would expediate business.

It was said a motion to reconsider might be introduced this afternoon.

Women of the Legislative Council of Indiana Women refused to admit that the suffrage bill was in danger. It was pointed out that the Rule bill, a duplicate of the senate bill, is ready for third reading and that Speaker Bedwell, who favors suffrage, could hand it down at any time. If passed it would go to the senate.

Thirty-six Republicans voted against the resolution and two for it. One Republican was absent. There are thirty-nine Republicans in the house.

The following Democrats voted against the resolution:

Bedwell, Davis, of Montgomery, Griffith, Hickam, Jones, Justus, Niblack, Waltz and Westfall.

Jinnett of Rush county voted against the resolution. Symons of Henry county and Masons of Fayette county were also against the bill.

Making Them Walk Into Your Store

"All I ask of my advertising," said a well-known storekeeper, "is that it will make a certain number of people walk through my store."

"The rest is up to me."

When the national manufacturer advertises his product in this newspaper he is starting people towards many stores.

If your store carries these goods and shows them properly customers will come your way.

If you neglect your opportunity your neighbor will get the business.

The live merchant nowadays keeps in close touch with the national advertising in the newspaper and times his windows and counters in line with the news.

HAVE DARK HAIR AND LOOK YOUNG

Don't stay gray! Nobody can tell when you darken gray, faded hair with Sage Tea and Sulphur.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The Psi Iota Xi sorority will meet for a short business session Wednesday night at the home of Miss Frances Frazee in North Main street.

The Rushville Rebekah lodge No. 132, I. O. O. F. will have work on a class of candidates next Friday night. A box social will be held after the work. All are urged to bring well filled boxes.

The Band of Workers of the First Presbyterian church will be entertained tomorrow afternoon by Mrs. Fred Caldwell at her home at 321 North Morgan street. She will be assisted by Mrs. Orval Herkless, Mrs. James Brooks and Mrs. W. A. Cullen.

The Christian Women's Missionary society will have a linen and fruit shower for the College of Missions, Indianapolis, at its next regular meeting Wednesday of next week. The society usually does something at its birthday meeting and this was decided on for this year.

The regular K. of P. dance will be held Thursday night at Castle Hall. The Princess Saxophone Trio will furnish the music. Earl Robertson will sing. The local boys were highly complimented on their dance music at the last K. of P. dance and a large crowd is expected this time to hear them.

A reception was held in the parlors of the First Presbyterian church last night for the pastor, Dr. D. Ira Lambert, and his family. All the congregations of the city were represented and their pastors made short talks, welcoming Dr. Lambert to residence in Rushville. Following the general introduction all around and after all the guests of the church had had opportunity to get acquainted with the new minister, a short program followed.

Talks were made by the Rev. A. D. Batchelor of St. Paul's M. E. church, the Rev. M. W. Lyons of St. Mary's Catholic church, the Rev. C. M. Yocum of the Main Street Christian church and the Rev. A. W. Jamieson of the United Presbyterian church. They were each introduced by S. L. Trabue. Solos were sung by Mrs. D. I. Lambert, Miss Kathleen Hogsett, Miss Carrie Kitchen, Miss Edith Buell and Mrs. Virgil Binford. Cake and coffee were served to all of the guests and souvenirs of small American flags were given.

The Princess offers a two act society drama "The Hate That Withers" for the first picture tonight. Alice Hollister and Harry Mallerde are featured. It is said to be an interesting story of love and adventure. The other is a drama entitled "The Greater Love." Dorothy Kelly and James Morrison are featured. Tomorrow night the two act drama "The Girl from Thunder Mountain" will be shown. On Thursday night besides the regular program an extra reel showing the I. O. O. F. home in Greensburg will be shown.

The Gem offers the regular five reel program tonight. "The Master Key," episode number 6, will be the first picture. Bob Leonard and Ella Hall are featured as usual and this episode continues the Chinatown feature started last week. It is a thrilling picture. The second is a two reel Bison drama "The Trail Breakers." William Clifford, Sherman Bainbridge and Marie Walcamp are featured. It is a western story and is said to be full of action. The last is a comedy "The Rural Demons." Billie Ritchie and Gertrude Shelby are featured.

The Mystic will show a two reel comedy "A Scrap of Paper" for the first picture tonight. Allan Hale and Louise Vale are featured. A piece of paper furnishes all the difficulties in this picture and the situations are said to be very funny. The other is a drama entitled "The Birth of Our Saviour." Gertrude McCoy is featured and it is said to be a clever Christmas drama based on a Biblical story. On Thursday night the five reel feature "One of Our Girls" featuring Hazel Dawn will be shown.

Twilight Sleep Up-to-Date.

"Twilight sleep" has been given considerable publicity largely because it is portrayed as something with a twentieth century label on it. That's the reason it has been breaking into the magazines and the newspapers, but no one has stopped to reflect that "twilight sleep" is nothing new. It harks back to the days of Rip Van Winkle. It has been among us ever so long. Now it's all shaved up and presented in a new form.

The Signal, a newspaper published at Westmoreland, Kansas, makes some copious and fitting remarks on "twilight sleep" from a new viewpoint. The Signal likes the "twilight sleep" idea because anything that tends to reduce pain and suffering is welcomed.

But "twilight sleep" is nothing new in this part of the country. We know of some towns that are in a chronic state of twilight slumber and they will never "come to." Some of our own citizens, mentioning no names, go about from day to day in a never-ending twilight slumber. And looking over our list of subscribers and see the names that are missing on the list, makes us rise to inquire what the doctors use to bring these twilight sleepers out of the trance. Send us the formula, for there are a few subjects who should be on that list whom we would like to awaken. Did we call them twilight sleepers? Suffering cuts! The deepest, blackest midnight could not begin to equal the darkness and depth of their slumbers.

"Powers Higher Up"

Apologies of Senator Chamber's remarks in the senate during the debate on the state-wide primary bill when he said the Democrats majority in Indiana would be following the example of the Washington administration if it did not keep its pledge, he makes the following comment in his newspaper, the Newcastle Times: It is not likely that there will be a

primary election bill passed at this session of the legislature. The resolution favoring such a measure was not asked by the people at the last Democratic state convention, but came as a demand from officials at Washington. If there ever was a case of the "powers higher up" giving orders, this was one of them. Not a single county or district convention held prior to the state convention declared in favor of a state-wide primary, or even suggested the subject. To a person acquainted in politics, it is not hard to see why such a demand should come from Washington.

A state-wide primary would be more expensive than a general election. None but a rich man could afford to run for a state or district office and it would get a fair-sized pile to get by for a county office. Such a law would be worth from \$1,000 to \$2,000 a year to this newspaper, but we do not propose to sell our principles and convictions for the few dollars it might gain us. In a few days The Times will publish the main provisions of the proposed state-wide primary law, so that the people of this community can see what it is like.

Admiral Beneke of the German navy offers what appears to be a sane and sensible solution of the perplexing problem which is threatening to disrupt the friendship which exists between the United States and Germany. The admiral suggests that several American warships proceed to the southwest coast of Ireland, and, when communicated with by an American merchant ship, that one of our war vessels convey the merchantman through the "war zone" waters and into safety. Wouldn't this be preferable to a possible war with Germany?

A belt worn by Napoleon Bonaparte at the battle of Waterloo has been presented to the National Military museum of Paris. That's good, for even a belt may perpetuate the greatness of its wearer. And on second thought, we have an old belt or two we wore in bygone days which the museum may have for the asking.

Any person may keep himself well posted on current local events, be regarded as a well read man, know what's what and who's who in the community, and have numerous attractive propositions placed before him for the trifling investment of about ten cents a week.

"What is more attractive than a beautiful woman?" inquires a local Beau Brummel. Now who do you suppose he is—judging by his peculiar thirst for knowledge?

Washington dispatches tell us the "open door" is assured in China. Bally! Let's push through and cop off some of that juicy Chinese trade.

Bumper crops are becoming so common in this country we will soon have to coin a new phrase to describe the increase.

What Our Neighbors
Are Talking About

Speaking of Control (Indiana Times)

Thomas Taggart has gone to the Indiana senate with a suggestion for illumination, gentle thrill and indoor sport for jaded solons. It is Taggart's evident purpose to try to compel somebody to prove Taggart "controls" the legislature. In response to a "nudge" as it were, the senate has named a special committee to sit, as solemnly as may be, to hear testimony as to whether Taggart does or does not "control" the Indiana legislative department as that department is constituted in 1915.

Taggart himself, supposedly, re-

quests the appointment of the special committee; Taggart himself, apparently, demands proof, as to his alleged "control" of the legislature. Is it possible Taggart doesn't know what are the facts?

In response to the Taggart demand the senate gravely puts by state affairs; sedately selects a special committee for the study of applied Taggartism and puts on already burdened senators certain extra tasks, seriously proposing to call newspaper men and lawmakers on the carpet to cross-question them on the highly important subject of Thomas Taggart and his relations with the democratic legislature.

Now when Taggart asks the senate to do such a stunt as has been described, and when the senate promptly acts on the Taggart hint, does it prove Taggart has lost his influence with the legislative branch?

By calling a senate investigation of his political power, does Taggart seek to prove in all modesty he has no such power, or does he intend the creation of the special committee and the extraordinary investigation to prove conclusively to all Indiana he actually does "control"? It would be interesting to know which end of the argument Taggart takes.

Here and now may it be said in all tenderness and friendly spirit that the legislature of 1915, trailed the follies of 1913 and following the foolish course of 1911, has wasted too much of the people's time in an attempt to punish a hostile press. Hours and days have been taken in idle denunciation of editors; bills without number have been conceived for the asinine purpose of attacking an opposed newspaper influence; wild threats have been made; enmity against the republican press has been played on the democrats in the legislature in creating prejudice against bills or in rallying democratic support in favor of other bills. The spectacle has been far from creditable to the legislature.

In petty barking at newspapers the legislators lose dignity, misuse the people's time and achieve exactly nothing at all save their own belittlement in the public eye.

Now comes the senate climax of absurdity in a proposed special committee to investigate the charge that Thomas Taggart "controls" the legislature. The committee itself stands as the first bit of evidence indicating that Taggart at least has "friends" in warm proximity to the legislature throne.

Uncle Sam Reduces Wages

(Philadelphia Telegraph).

Some 1,500 workers in the Frankford Arsenal, two-thirds of them women, have had their wages reduced suddenly by an order from the chief of the ordinance department, General Crozier. They are grieved and indignant about it.

It is questionable if the thousand women concerned would be satisfied with a statement from President Wilson pointing out to them that the thing they complain of is purely psychological, requiring only a spirit of mutual confidence to be overcome.

Secretary Redfield is just now engaged in a still hunt for manufacturers guilty of reducing wages and laying off employees without reason. The arsenal employees in mass meeting assembled might call on Redfield to probe the Democratic administration.

Wages at the arsenal are not particularly good at best. To reduce them further at this time looks like an injustice which the war department may well be asked to explain.

Are Women Naturally Dependent?

A prominent writer so claims. Women are constituted with a delicate organism and in nine cases out of ten mental depression may be attributed to an abnormal condition of the system, which expresses itself in nervousness sleeplessness backache, headaches, causing constant misery and as a result despondency. Lydia E. Pinkham's Vegetable Compound, a simple remedy made from roots and herbs, is the one great remedy for this condition. It goes to the root of the trouble and overcomes despondency.

SEEKS FIFTH TERM AS MAYOR

Carter Harrison After Democratic
Nomination at Primaries Held
Today in Chicago

ELECTION WILL BE APRIL 6

Has Plenty of Opposition But is
Favored by Governor Dunne.
Women Are Active

(By United Press.)

Chicago, Ill., Feb. 23.—Chicago voters are today balloting to name party nominees for mayor and other municipal offices. Registration returns show that 665,911 voters are entitled to take part in the primaries. Of this number, 218,712 are women, voting for municipal officials today for the first time.

Mayor Carter H. Harrison, for twelve years mayor of Chicago, is asking the Democratic nomination for the fifth time. His principal opponent is county clerk Robert M. Sweitzer backed by Roger C. Sullivan and his organization. Other Democratic aspirants are Frank J. Wilson, Thomas O'Dwyer, John J. Geraghty, Russell P. Butler, Peter J. O'Reilly and James Traynor.

Governor Dunne has announced himself for Mayor Harrison.

Municipal Chief Harry Olson is pitted against William Hale Thompson for the Republican nomination. Alderman Jacob A. Hey also is a Republican aspirant. Charles M. Thompson is the only candidate for the Progressive nomination. Seymour Stebbins, who served in the Illinois assembly and was recognized as one of its ablest members, aspires for the Socialist nomination.

Democrats claim the Democratic nomination is equivalent to election. April 6. In the general election last fall the Democrats polled a vote of 187,538, exceeding by 92,871 the combined vote of the Republicans, Progressives and Socialist parties.

AIRMEN KILL FOUR.

Paris, Feb. 23.—A Zeppelin airship Monday crossed the allied lines near Nieupoit and dropped bombs upon Calais killing four persons.

TRY THIS IF YOU HAVE DANDRUFF

Or Are Bothered With Falling Hair or Itching Scalp.

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft and look and feel a hundred times better.

If you want to keep your hair looking rich, do by all means get rid of dandruff, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

Feds Are Blamed But They Assert
Hard Times Did it—Thirty-two
Berths Vacant

BY HAL SHERIDAN
(Written for United Press.)
New York, Feb. 23.—That old be-
whiskered gent who back in the
stone ages somewhere announced
that every action has its reaction
must have been looking into the dim
and misty future at the 1915 base-
ball chaos. Certain it is that the
reaction of freized finance in our
national pastime is here. Never was
a thing more fully demonstrated
than at the recent meeting of Na-
tional League magnates here.
Thirty-two berths in the National
League occupied last year will be
vacant this season. That means a
saving of from \$75,000 to \$100,000
to the magnates and the blighting of
32 aspiring youngster's hopes. For
the moguls decreed that no club
should carry more than 21 men from
May 1 to September 1. Last year
they were allowed to pay traveling
expenses for 25.

Thirty-two jobs have been sud-
denly snatched away from ball
players. Friends of O. B. lay the
blame on the Feds. Federal adher-
ents, quick to resent anything of the
sort, claim that its merely the result
of hard times, and deny absolutely
that the Feds are responsible for
anything that would take anything
away from the sun-burned athletes.

Be that as it may, the retrench-
ment days are here. Ball players a
few months ago held up the Federal
ogre as a means of drawing fat con-
tracts from their O. B. bosses. Now
their bosses tell them if they can help
themselves by taking the hurdle, go
to it. That is what President James
Gaffney of the champion Braves
told Leslie Mann at the National
meeting. Mann wanted \$3,500; Gaf-
fney offered \$3,000 and refused to
budge.

DISTRICT MEET NEXT WEEK

One of the best games of the sea-

when the local high school team
takes on the Connersville team. Con-
nersville defeated Rushville on the

out for revenge. The team is in
good shape and fully expects to win.
The game Wednesday and the one
Friday at Shelbyville will be the
last before the district tournament
at Richmond, March 5 and 6.

The Connersville team is weak-
ened by the loss of Pinkerton, but
the team has been playing fast ball
and Rushville expects a battle. A large
crowd of rooters will accompany
the Connersville team to this city.
Rushville and Connersville always

FAIL TO MAKE IT
A PARTY MEASURE

Democratic Caucus Reaches no
Agreement on Mayor Bell's Fi-
nance Board Bill.

ORGANIZATION BEHIND IT

Independent Democrat Says After
Meeting That he Believes Meas-
ure Will Not Pass.

(By United Press.)
Indianapolis, Feb. 23.—The Demo-
cratic organization failed yester-
day afternoon in its attempt to make
the Mayor Bell finance board bill a
party measure, though the house.
Democrats caucused for over two
hours. The bill, which has passed
the senate, would give Mayor Bell
power to appoint a finance board
for Indianapolis, which would take
over many of the powers now held
by the city council.
This bill has become the chief po-
litical measure in significance in the
house since the Jones primary bill
was passed. It is backed by the
Democrats in the house who say the
principle involved is not Democratic.
"On the face of it, it appeared
when the caucus ended that the Bell
finance board bill would not pass,"
said an independent Democrat, as he
added, "but things are doing beneath
the surface, and you can't tell what
will happen."
Serious issues were raised and the
caucus was not harmonious on the
Bell measure. This was indicated
by the serious faces of the Demo-
crats when they appeared after their
long session. There wasn't a smile
in the crowd.
The caucus decided to pass the
measure appropriating money to pay
the state's share of the expense in
stamping out the foot and mouth
disease. It took no action on the
Mason senate bill giving limited
suffrage to women, though the sub-
ject was broached.

GRAY DECLARES
FOR A PRIMARY

Sixth District Congressman is in
Favor of Extending Direct
Vote of the People.

INTERVIEW IN WASHINGTON

Washington, Feb. 23.—In discus-
sion of the need of a direct primary
law in Indiana, Representative Fin-
ley H. Gray, of Connersville, said:
"I have already expressed my
views in favor of a direct primary in
response to an inquiry from the In-
diana bureau of legislative informa-
tion. Speaking as a citizen and as
a voter of the state of Indiana, I am
in favor of extending the direct vote
of the people wherever and when-
ever the nature of the action to be
taken is applicable. The word 'demo-
cracy' not only means the rule of
the people, but the rule of the peo-
ple by direct vote, and a good faith
adherence to these principles make
the enactment of a direct primary
law imperative. Without this legis-
lation the work of election reform in
Indiana will remain incomplete."
"I have always voted here against
assuming jurisdiction to take away
the determination of any question
from the people's decision by the di-
rect vote and vesting such power in
a convention or legislative body, and
I am not only in favor of preserving
the right of the direct vote where
the same now exists in the people,
but I am in favor of enlarging and
making the same still further avail-
able to them."

BOOKIES PLAN
TO PLAY IT SAFE

Betting Interests in New York Won-
der How Far They Will be Able
to go This Season

EXPECT LAW TO BE ENFORCED

American Ring Bugs Are Taking No
Chances and Are Securing
Passports to Mexico

BY HAL SHERIDAN
(Written for United Press.)
New York, Feb. 23.—Just how far
they can go without police inter-
ference is worrying the bookmakers,
who already are laying their plans
carefully for a bit of under-cover
betting when the New York racing
season starts, on May 20. Last year
there were a few raids, and this
year, according to word which has
gone out in the shape of a tip to the
racing fraternity, strictness will be
the rule.
The arrest over in Maryland a few
weeks ago of a hundred Washington
betting fans, among them a con-
gressman or two, has made the pony
followers here a bit chary. There
has been a bit of betting on the Q.
T. throughout the winter, but the old
pool room days are far in the dis-
card—at least the police say so.

The Stewards of the Jockey club,
who met here the other day, tenta-
tively picked May 20 as the date for
the start of the racing season here
abouts. It is by no means certain
that the Westchester Racing asso-
ciation will open the sport here, for
there is talk of reverting to the
Aqueduct track, Jamaica, which
had to split its dates last year, may
be in the line again. Maryland
tracks will open in April, and, one
thing is assured; that when once the
sport begins there will be racing
every day in the vicinity of New
York until the exodus for Saratoga.

A boxing fan who came from
Washington the other day says that
American ring bugs are flocking in-
to the state department building
looking for passports assuring them
they will not spend a few days in a
Mexican prison when they go to
Juarez to see Jack Johnson and Jess
Willard mix.

Although the Villistas are not be-
lieved likely to pinch anything ex-
cept the coin the Americans scatter
in Juarez, the fans are working on
the safe side by getting passports.

EXPECTS CROWD TO
ATTEND MEETING

President Ryan Urges Large At-
tendance as Board of Direc-
tors Will be Elected.

START WORK SOON ON GROUND

President Ryan, of the Rushville
Baseball Association expects a large
crowd to attend the meeting Wed-
nesday night in the court house as-
sembly room as business of impor-
tance is to come before stockholders.
It is expected at this time to elect
the board of directors of five mem-
bers. This will be done so that the
directors can get busy at once with
the building of the new grand stand
and get the grounds in shape for the
opening game.

Other affairs of the association
will be discussed. All fans and those
interested are urged to attend and
take part in the selection of the
board of directors. The board of
directors will in a large way have
the running of the team and Presi-
dent Ryan and the other officers de-
sire that the very best men possible
be secured. The meeting will be held
at eight o'clock.

JEROME ABSENT
FROM THAW CASE

For This Reason Alone Slayer of
White Was Elated When His
Case Came to Trial Today

BOTH SIDES CONFIDENT

Special Panel of 200 Talesmen on
Hand at Start—Alienist Not Ex-
pected to Appear

(By United Press.)
New York, Feb. 23.—When Harry
Thaw was arraigned for trial today
before Justice Weeks on the charge
of conspiracy to escape from Mat-
teawan, he was jubilant in having
escaped his nemesis—William Travers
Jerome—for the first time since
he killed Stanford White. Jerome's
absence from the prosecution
brought hope to the Thaw camp.
There was belief on both sides
that the hearing which began today
might be the final hearing in the
most notorious of American trials.
If Thaw were found not guilty, what
ever proceedings were taken against
him later would prove futile his
counsel declared. If he is convicted,
and the court suspends sentence on
the conspiracy charge and returns
him, instead, to Matteawan, a vital
blow will have been struck at the de-
fense.

Since January 28, when Thaw
pleaded not guilty to the charge he
has been in the Tombs, always con-
fident of acquittal. Although Deputy
Attorney General Kennedy, and
Frank H. Cook, who appeared for
District Attorney Perkins, said there
will be no remission of zeal in the
prosecution because of Jerome's
absence from the case. Thaw's
sides declare he is forced to face a
sanity test, which will be sought by
habeas corpus proceedings in case
of conviction, they believe he will
come out of it with flying colors. His
condition they say, is noticeably less
nervous, and, he sides, Dr. Austin
Flint, the principal alienist against
Thaw in his previous hearings has
been ill and is not expected to be
able to appear in case of a new
sanity hearing.

A special panel of 200 talesmen
were on hand when the case was
called for trial today. They were
men who had been chosen carefully
for their above-average ability as
jurors, and it was confidently ex-
pected that not more than three days
proceedings would be required to se-
lect the jury.

Deputy Attorney General Kennedy
planned to move for the trial of all
the defendants in the conspiracy
case together with Thaw.

Rheumatism in Joints

Pain Disappears and Swelling Vanishes in a Few Days

That is what happens if you use Rhenma, the wonderful remedy that Johnson's Drug Store and all druggists sell on the "money back if not cured" plan. There is a vast amount of rheumatism in this vicinity, and if you know any sufferer, call his attention to this generous offer.

Rhenma is a quick-acting prescription. You will know your rheumatism is leaving 24 hours after you take the first dose. It dissolves the uric acid and drives it from its lodging place.

Mrs. Alice A. Brown, Ithaca, N. Y. writes: "For seven years I suffered greatly with rheumatism in my hip; at night I was scarcely able to sleep. One bottle of Rhenma cured me."

That sounds miraculous, but Rhenma does miraculous things. Fifty cents a bottle at Johnson's and all druggists. (Advertisement.)

DID NOT HELP THE BREACH ANY

Fuss Over State-Wide Primary Bill Only Served to Separate Taggart and Kern Forces

RALSTON MAY OPPOSE LATTER

He Will Probably Get in Race for Senate if Primary Measure is Defeated, it is Said

(Special to the Daily Republican.)

Indianapolis, Ind., Feb. 23.—Since the open rupture developed between Thomas Taggart, generally recognized as the head and front of the Democratic organization, and U. S. Senator John W. Kern over the attitude that the Indiana General Assembly should assume towards the state-wide primary bill, the talk of a possible contest over the next Democratic nomination for United States Senator has become stronger than ever before. Kern came out publicly in favor of this bill and Taggart came out just as strongly against it. Kern also saw fit to mention the name of Taggart in his interview, declaring that he could see no reason why Taggart's suggestion of a referendum should be adopted. This controversy has done nothing towards cementing Taggart and Kern and their backers. In fact it has had the effect of arousing considerable bitter and antagonistic comment in the camp of each one of these Democratic politicians.

The talk continues that Governor Ralston would like to be the Democratic nominee for United States senator from Indiana next year. It has long been known that the reigning Democratic organization has not been very friendly to Kern and would not shed any great amount of tears if he should be sidetracked. Kern's standing with the Democratic oligarchy has been anything but satisfactory to himself and close personal friends since he gave out that famous interview six years ago in which he charged that eight Democrat members of the Indiana legislature had been "handled" to vote for Shively for the senate as against himself. Crawford Fairbanks, especially, resented that interview and Fairbanks is known as a politician who never forgives or forgets. That possibly explains why the sentiment among Democrats in the west end of the fifth district is now so strong against Kern. During recent weeks, in that section of the state, an open insurrection has developed against Kern among "organization" Democrats and during the past few days some of the leaders have been declaring openly that if Kern is re-nominated that they will get into the open and do everything in their power for the Republican ticket.

The impression prevails and seems to be getting stronger that it needs occasion no surprise whatever to see the Taggart organization bring out at an early date Ralston as a candidate against Kern for the senatorial nomination. The politicians who are inclined to this belief figure that Taggart sees that the end of Democratic rule in Indiana is in sight and that he has or will come to the conclusion that his organization will go down at the polls and not in a convention or in other words that the reigning organization will see to it that its own friends and its own choices have places on the ticket next year. The dose would be doubly bitter if the opposition to the organization could force the nomination of some one who was out of line with the leaders.

It is said that Taggart, Ralston and the other organization leaders realize that Kern would be renominated if a primary law were in operation. This conclusion is based on the fact that Indiana Democrats have been voting for Kern rather regularly during the past twenty years with the result that it has become more or less of a habit with the out-state Democrats who might have but slight acquaintance with his opponents to vote for Kern every time they see his name on a ticket.

It is currently reported that it would take little or no urging for

Ralston to get into this race providing a primary law is not passed. Is this empty honor to be the governor's reward for assisting in the defeat of a state-wide primary law?

The closing days of this session of the Indiana legislature are full of political possibilities, some of which may be of a startling and sensational nature.

Republican campaign orators in Indiana in 1916 will be able again to use the printed record of the proceedings of the state legislature to damn the extravagance and the inefficiency of the Democratic organization in the conduct of the state's business. A striking example of the unbusiness like methods that are followed by the Democratic majority is seen in the manner in which the appropriation bills were framed. A precedent was established and Republican Floor Leader, Jesse Eschbach, pointed out to the majority just how loose and slip shod were their methods. He prepared a written protest and this was incorporated in the journal of the house. Next year the Republican speakers will be able to open the official record of the session of 1915 and read the following indictment of Democratic inefficiency:

"Mr. Speaker and members of the house of representatives:

"For years the one great task of the general assembly has been the preparation and consideration of appropriation bills. For years this task has been entrusted to the most careful and conservative deliberation of the joint committee of ways and means of the house of representatives and of the finance committee of the senate.

"For years these committees in joint session have called before them the heads of departments and institutions of the state of Indiana, and after painstaking investigation and deliberation have weighed their wants, their needs and their requests, and the members of these committees have then incorporated the results of their deliberations in what is known as the appropriation bill and submitted the same to the consideration of the general assembly.

"The year 1915 marks a radical and to me an unwise departure from the plan heretofore followed.

"This year, without a meeting of either of said committees, without notice to a member of either committee, without notice to the head of an institution or department in this state, an appropriation bill, House Bill 420, is prepared by an employee of the house and passed from the committee of ways and means without a member of that committee ever having read a word or figure contained therein. This bill seeks to disburse millions of the people's money and to provide for the care and maintenance of the institutional and departmental life of Indiana for two years.

"I want at this time to enter my protest against this unbusiness like method of transacting the business of our state, a method which substitutes individual caprice for the mature and calm judgment of important committee of the general assembly of Indiana I demand that this protest be entered on the journal of this house."

Peculiar After Effects of the Grip This Year

LEAVES KIDNEYS IN WEAKENED CONDITION

Doctors in all parts of the country have been kept busy with the epidemic of grip which has visited so many homes. The symptoms of grip this year are often very distressing and leave the system in a run down condition, particularly the kidneys which seem to suffer most, as almost every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to dangerous kidney troubles. Druggists report a large sale on Dr. Kilmer's Swamp-Root which so many people say soon lases and strengthens the kidneys after an attack of grip. Swamp-Root is a great kidney, liver and bladder remedy, and being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed in most cases by those who try it. Dr. Kilmer & Co., Binghamton, N. Y., offer to send a sample size bottle of Swamp-Root, on receipt of ten cents, to every sufferer who requests it. A trial will convince any one who may be in need of it. Regular size bottles 50c. and \$1.00. For sale at all druggists. Be sure to mention this paper. (Advertisement.)

Fifth Avenue Shop Windows Are All Dolled Up In Spring Models

BY MARGARET MASON (Written for United Press.)

Will you dress yourself like a little Bopeep And copy her getup exclusive of sheep

Or will you, perforce, dress like Lorna Doone

In tight silken bodice and buckled silk shoen

Or panniered powdered Colonial Dame

In petticoat quilted will you don the same?

Now these aren't suggestions for some costume ball

But the latest Spring fashions for one and for all

These period dresses for nineteen fifteen

Are simply the last word of Fashion, I ween.

New York, Feb. 23.—The Fifth avenue shop windows all dolled up in their sonsy Spring models look like nothing in the world so much as the display windows of those funny little costume shops that hire out the makings of a dashing cavalier, a senorita or a ballet sprite for a Louis Quinze court lady, a Spanish night carnival or masque.

Positively one little model of azure silk blooming in pink roses has a tight bodice of the silk laced in front with a silken cord and deep panniers edged with-silken quilling and caught up over a short petticoat of silk lace and net with single pink roses. It is exactly such an appropriate costume as little Bopeep always wears to tend her sheep between the covers of an edition de lux of Mother Goose.

In this instance little Bopeep has found her sheep in the throng of modern maids and matrons who follow the Fashions like a pack of silly sheep and will don this stage like creation with perfect sangfroid for present day wear.

Another creation in lustrous twilled silk in a soft old blue tone has a quaint tight boned bodice that hooks up the front and is worn over the full ankle length skirt with a sort of, peplum effect of square tabs in the wall of Troy design such as Lorna Doone is always pictured in.

These tabs are outlined in narrow flat gold braid as is also the square low cut neck and the edges of tight elbow sleeves which are also cut in the tab effect of the wall of Troy. Folds of gold colored silk net fills in the low cut bodice and forms full undersleeves, down to the wrists.

Dolly Varden herself could not have found more fitting attire than the flowered frock of pink taffeta but with the tight bodice the full over skirt looped up with black velvet loveknots over a pleated petticoat of plain pink taffeta and a fichu or kerchief of finest lace edged net about the neck.

The tight fitting boned bodice laced down the front in peasant fashion vie with the short empire waists for supremacy but even with the short waist lines the accompanying skirts are always voluminously full and in many instances actually held out with a bit of boning around the hem. The draped up overskirts and

pannier effects are simply an evolution of the long straight Russian tunic catching up itself with garlands and bows and incidentally with the insatiable fashionable desire for something different.

As it does, every Spring taffeta is flaunting its soft yet crisp folds in all the smartest frocks and especially in those fanciful period styles is it most usable.

The hats to be worn with the period dresses are equally picturesque and fanciful. Flapping shepherdess leghorns, rose wreathed and adorned with black velvet streamers, tiny close fitting Victorian bonnets and large leghorn poke bonnets, trimmed high in nodding ostrich plumes and tied under dimpled chins

with ribbons of satin or velvet, like La Tosca wears when she trills her first act top notes.

You see in describing these new old styles one inevitably gets back for comparison to some lovely lady of other days so the best way to pick your Spring wardrobe is to pick your favorite heroine of history or early fiction and fit her garments if not her personality to yourself. Be judicious in your choice however, we pray, portly Mrs. Porkpacker picking Celopatra as her sartorial model of Miss Prudence Strong decking herself as little Boopeep might prove a bit unsatisfactory.

With the women going in for these picturesque togs just what are the mere men going to do about it. Will they be content to spoil the picture in their present day unpoetic and sordid attire or will they leap gladly at the chance to gratify that desire for personal adornment in everyman's heart and take to small clothes, frills, ruffies and perukes.

The Daily Republican

"The Newspaper Everybody in Rush County Will Eventually Read"

To be a success must be well advertised. The more people who know of a sale the larger the crowd, resulting in more competitive bidding, higher prices for the stuff and more dollars in the holder's pocket. The Daily Republican goes into every town, community and neighborhood in Rush County, and has more paid subscribers than all the rest of the Rushville papers combined. Right now everybody is looking for and reading sale notices. They want to buy. The Republican's "Public Sales" advertisements tell them who is having a sale, when and where. Sale bills will always be used but their number is decreasing. Newspaper advertising is found to reach more people and when they are in a mood to read, and is getting more popular all the time. When a man holds a sale he expects to spend a few dollars in advertising it, but he wants results. Come in; we can "deliver the goods." "Red Head" sale bills and display spaces at a reasonable rate, and we give you prompt service.

AGGI COLLEGES SCORED BY LAPP

In Address at Cincinnati He Says They Have Been Selfish to National Vocational Laws

SPOKE TO SUPERINTENDENTS

Declares That Despite Million Dollars Spent We Are About Where We Started

(By United Press.) Cincinnati, O., Feb. 23.—The agricultural colleges of the country were scored this afternoon for their alleged selfish opposition to national aid for vocational schools by John A. Lapp of Indianapolis, member of the federal commission on vocational education appointed by President Wilson, who drafted the bill now pending in congress. Mr. Lapp spoke to the convention of superintendents of the National Educational Association.

"After forty years of agricultural education such as it has been, we are confronted with relatively worse conditions than when scientific knowledge of agriculture first began to get serious attention," said Lapp. "Average yield of farm crops has been either practically at a dead level or only slightly increasing; the soil is being exhausted at an alarming rate; the rural population is shifting to the city; and the cost of living rises at a rate far in excess of increased capacity to pay. The facts are simply that the data of agricultural science has not been effectively put into possession of the men who till the soil and the boys who are to succeed them.

"Millions of dollars have been spent, and yet we are about where we started from," said Lapp. "In the face of these conditions the agricultural societies oppose the project of national aid for vocational education. In face of the flat failure of rural schools, they stand against the only possible method that can make agricultural education universal. They would make a boy leave school in order to secure an education through extension work, whereas the results so much needed can only be permanently achieved by educating the boy who wants to stay on the farm to be a farmer capable of applying the broadest knowledge to his soil, and the girl who is happy in the farm home to be a home-maker in that home.

"The Agricultural colleges individually and collectively are opposing national aid for vocational education with their prime motive that they see possible competition in vocational agricultural schools."

Soft, Fluffy Hair is First Aid to Beauty

If your hair is not fluffy, soft and lustrous, is falling out, streaked, brittle, or full of dandruff, and if the scalp itches, do not think it must always be that way, for pretty hair is only a matter of care and the use of Parisian Sage, a delightful toilet necessity.

This helpful tonic supplies just the elements needed to invigorate the hair roots and stimulate your hair to grow long, thick, fluffy and lustrous. It removes all dandruff with one application and quickly stops itching head and falling hair. Parisian Sage is the ideal hair tonic and scalp treatment, sold by Johnson's Drug store, it contains nothing injurious, is delicately perfumed, inexpensive and surely gives your hair the beauty and charm of youth. PUBLIC HEARING ON MERGER BILL

Finance Committee of Senate Expects Large Delegation From Bloomington to Attend

DIVIDED REPORT EXPECTED

VanAuken Declares Majority Favored Combining Indiana and Purdue Universities

(By United Press.) Indianapolis, Feb. 23.—Concerning the removal of Indiana university from Bloomington, Rep. Sare of Bloomington today said the bill thus providing was practically dead now. The senate finance committee which has that bill met last night when there was a public hearing on the VanAuken bill merging Purdue and Indiana universities at Lafayette. Large delegations were present from Bloomington and Lafayette.

Van Auken said today that without question the majority of the legislature believed Indiana university should be consolidated with Purdue and moved from Bloomington.

"Then you expect your bill to pass?" he was asked.

"I wouldn't say that," he said. "Bloomington has the most effective lobby that ever was perfected in this state. The Citizens have come here by the hundreds to lobby against my bill."

Van Auken said there probably would be a divided report on his merger bill. He said he did not know what the majority report would be.

"Why shouldn't Bloomington lobby against that bill? It means life or death to Bloomington, and I would not think much of a city that would not fight for its existence," said Rep. Sare.

Van Auken was asked whether the statement of a member of the finance committee, who said the bill was introduced to prevent Indiana and Purdue asking for more money was true.

"Fiddlesticks!" said Van Auken. "That bill was introduced on its own merits."

IMPORTANT CASES IN SUPREME COURT

Convenes Again After Three Weeks' Mid-Winter Recess to Find Business Heavy

FRANK CASE IS AMONG THEM

(By United Press.) Washington, Feb. 23.—Following a three weeks' mid-term recess, the Supreme Court reconvened today. Many decisions were expected the court having devoted the recess period to their preparation.

Heading the list of cases specially advanced for argument today was that of Leo M. Frank of Atlanta. Although technically assigned for hearing today, Frank's case will probably not be reached before Thursday or Friday.

Among other cases to be argued this week was the suit of the Remapo Water Co. against New York City, growing out of acquisition of the water company's property.

It was also expected today that the court would advance for hearing April 5 the appeal of the Harvester Trust from the decree of dissolution secured by the government, which proved that the trust controls 85 percent of U. S. manufacture of agriculture implements.

PORTLAND PLANTS ROSES

(By United Press.) Portland, Ore., Feb. 23.—Annual rose planting day was observed in Portland Monday. More than fifty thousand additional bushes were set out. Already world's famous for her roses, Portland will be a veritable bower of the beautiful flowers when the tourists going to and from the California expositions this spring and summer visit the city.

POLL SHOWS BILL IN THE BALANCE

Women's Suffrage Measure Seems to Have Slim Chance in House, According to Figures.

MEMBERS NOT TO BE RUSHED

Caucus of Democrats in Lower Branch Does Seem to Chance Status Materially, However.

(By United Press.) Indianapolis, Feb. 23.—The situation as to woman suffrage in the lower branch of the general assembly, was not materially changed by the Democratic caucus yesterday afternoon. This was definitely learned today.

To determine the sentiment in the house for and against the Maston limited suffrage measure, which passed the senate by a sweeping Democratic party vote with the aid of Republicans after the democrats had caucused, the United Press took a poll of the house. The result was that out of eighty-one voting, twenty-eight voted aye, twenty-three no and thirty were doubtful.

The following table shows in detail the result of the poll, which was the first one attempted this session.

Democrats	Republicans
10	Voted Aye 18
21	Voted No 2
21	Doubtful 9
52	29

Total voting Aye, 28; voting No, 23; doubtful, 30; constitutional majority necessary to passage, 51.

Members of the house of both parties awaited with great interest publication of the poll today. As the large "doubtful" list would indicate, members were far from at ease over the question of limited suffrage for women which was so hastily thrust upon them by the senate. Leaders in the house professed even to be mystified by the senate move.

The opinion of a competent Republican observer was asked after he had seen the poll. He said the bill might pass. He believed the Republicans would give the bill 34 votes out of a total of 39. He believed that out of the 21 doubtful Democrats seven would be found who would vote Aye. Added to the 10 who voted Aye on the poll, the total of Republicans and Democrats thus voting would be 51—the constitutional majority.

The United Press asked the opinion of a Democratic leader, impartial on the suffrage question. He said upon seeing the poll that the bill might pass, and he agreed in substance with the Republican.

Don't Pass Up the Comforts and Pleasures of Life

You have seen the museum mummy—take a hunch from him. He hasn't had any pleasure for over 5,000 years. He had his opportunity—did he get his share? Do you? Buy what you need and make life a pleasure to yourself and family. There will come a time when you can't. Ask the mummy, he knew once—did he enjoy life to the full extent as it was intended for him to do? He won't answer—it's up to you. For instance, if you need a New Storm Buggy or any other kind of a buggy, why don't you buy it and buy it now? We have plenty of them and we want to sell them. We have every style that was ever made, all colors of paint, all kinds of combinations. The man that deprives himself of all these comforts of life may leave a bigger tombstone to mark the hole he is finally forced to crawl into but he is a mummy all the years of his life. So get busy, buy yourself a buggy, buy the boy a buggy and get what pleasure you can out of life now. Next year may be too late. Don't forget our Opening on March 12-13. Come in and have a good time with us and don't forget to buy what you need to make life worth while. You will be a mummy soon enough.

\$3000.00 FIRE PREVENTED

Read This Letter:

"Several years ago I called on Lane & Evans to buy a pump and they almost forced me to buy one of your Fig. 28 Red Jacket Double-Acting Force Pumps and fifty feet of hose when I only intended to buy a cheap set length pump. Mr. Lane put up such strong argument on 'fire protection' that I followed his advice and bought the Fig. 28, little thinking that it would be of any service to me in that respect.

Shortly after the pump was installed, my barn caught fire and had it not been for this pump and hose and the thoughtfulness of Mrs. Barnett, my barn, house and all buildings on the place would have been destroyed."

SOCIETIES GET BACK OF BILL

Continued from Page 1.

\$30 an acre and take \$100 land at the same figure.

"I will give Mr. Mathews a list of the chairmen of the other meetings in the state. These nine chairmen will get together and fix a uniform rate of assessment for the state before March 1. When we get that schedule, other matters will adjust themselves. There is only one basis of taxation, it is the true cash value."

When assessors raised a question as to the procedure when a merchant lets his stock run down at assessment time and then stocks up afterwards, Mr. Wolcott explained the system introduced in Wayne county two or three years ago of hiring experts to assess corporations, merchandise and other taxables of a similar nature.

CELEBRATES ITS 50TH ANNIVERSARY

Rushville National Bank Opened Its Doors Half Century Ago—Oldest Bank in County

HAS HAD THREE PRESIDENTS

The Rushville National bank today celebrated the fiftieth anniversary of its establishment as a national bank. It opened its doors for business February 23, 1865 in its old home—what is now the Elks club—its charter having been issued the day before. The Rushville National is the oldest bank in Rush county and has seen many cashiers and presidents come and go. Previous to becoming a national bank, it was known as the Rushville branch of the State Bank of Indiana having been established in 1857. The bank moved into its new home in February 1911.

Geo. C. Clark was its first president. He died in 1900 and Theo. Abercrombie was elected. Mr. Abercrombie served until 1913 when he resigned and A. L. Winslip was chosen and still serves in that capacity. Joseph M. Oglesby was the first cashier and served until June 16, 1870, when he retired and Edwin Payne was elected. He was cashier until July 1, 1897, and then J. B. Reeve was elected. In January 1910 Mr. Reeve retired and Albert L. Winslip acted as cashier until he was elected president in January, 1913. Wilbur Stiers was then chosen cashier and has held the position ever since.
